Chambers School Will Be Dedicated Sunday

Dr. Walter A. LeBaron, director of Elementary Supervision, State Department of Education, will deliver the principal address Sunday afternoon when the Chambers Union Free School District No. 8, town of Ulster, is dedicated.

Dedication service will be at 2 p. m. in the auditorium of the school on Albany avenue extension when the ceremonies will open with a band concert from 2 to 2:30 o'clock by a group of local musicians under the direction of Don Pierson. The music will be provided through a grant from the Music Performance Trust Fund of the Recording Industry and with the cooperation of Local 215, AF of M, Kingston.

Open house will be held after the dedication services during which time the school building and its educational facilities may be inspected by the public. Representatives of the P-TA will serve as classroom hosts. Refreshments will be served during the open house period.

Has 600 Pupils

Dedication of the 600-pupil school will mark a milestone in the movement for grade school facilities for students of what was formerly Common School District No. 8, Town of Ulster. Prior to construction of the present grade school, pupils from that area attended Kingston city schools. On June 22, 1954, Common School District No. 8, Town of Ulster, became Union Free District No. 8 and on December 2, of that same year building plans were discussed and on January 15, 1955 the architect firm of LaPierre, Litchfield and Albert Milliken was authorized to prepare plans.

As a result of the actiivties commenced in December 1954 the present school of 600-student capacity came into being and the dedication service Sunday marks the public acceptance of the new, modern school.

Sunday afternoon's program will open with the band concert Pledge of Allegiance and the Na-

Buckman Is Still Serious, Others Are Satisfactory

William Buckman Jr., 22, of 59 West Chester street, who was injured early Wednesday morning when his car crashed into a pillar on the Esopus creek bridge near the Washington avenue viaduct, was reported as "still serious" today at Benedictine Hospital.

Harry Nichols, 23, of 161 Tremper avenue, one of two passengers in Buckman's car, was reported in "satisfactory" condition at U. S. Veterans' Administration Hospital, Albany, where he was transferred yesterday Leonard Cox, 58, of 617 Delaware avenue, was described as "apparently fair" at Kingston Hospital today.

Police reported that Nichols and Cox crawled from the car after it overturned but Buckman was pinned in the vehicle for one hour and 47 minutes before he could be extricated.

It was reported Buckman suffered multiple lacerations, concussion, a possible neck injury, and possible fractured skull. Police said Nichols suffered a lacerated face, fractured facial and nasal bones and contusions of the lower back, while Cox suffered lacerations of forehead and scalp, abrasions of right ankle and fractured left clavicle.

Coordinated Advertising Advocated for Merchants

Fifty retail merchants met at the city hall last night to give consideration to the establishment of a Retail Merchants Division or Council. The meeting was sponsored by the retail committee of the Kingston Area Chamber of Commerce. Chairman Clyde Wonderly presided. Representatives of all four district businessmen's organizations were present.

Richard Mitchell, chairman of the Retail Merchants Division of the Poughkeepsie Chamber of Commerce, was the principal speaker. He outlined the cooperative promotional activities of his division and how they are financed. Poughkeepsie merchants are convinced that a coordinated advertising program pays.

Albert Kurdt, manager of the Kingston Chamber, discussed the relationship of the proposed retail Council to the Chamber of Commerce. He pointed out that 25 per cent of the 637 paid-up memberships for the fiscal year which ended April 30 were in the retail category and outlined briefly the board program supported by membership funds. "If a worthwhile program of publicity and promotion is to be launched much more money would be needed in addition to membership support," Mr. Kurdt said.

Shell Game Is Nixon Appraisal

Quitting Europe Seen as Drastic

Asheville, N. C., June 6 (AP)—Vice President Nixon said last night Russia's proposal for allied and Soviet troop withdrawals in Europe would "leave the free countries of Europe at the mercy of the Communist world."

He said Russian boss Nikita S. Khrushchev was playing "the old shell game" when he made the proposal.

Noting that the United States has always been ready "to meet the Soviet Union halfway on any reasonable basis" in disarmament talks, the vice president said:

One Duty to Allies

"We owe a duty to our allies and to ourselves not to be sucked into the old shell game trade of one horse for one rabbit, which is what Mr. Khrushchev offered last Sunday when he suggested that we should withdraw our forces from Europe's 3,000 miles in return for the Soviet moving theirs from the satellite countries 300 miles away.

"All this would do is to leave the free countries of Europe at the mercy of the Communist world."

Nixon made what was apparently a White-House approved reply to Khrushchev before the convention of the General Federation of Women's Clubs.

Advocates Efficiency

He drew applause when he acknowledged "there has been some waste and inefficiency" in our foreign aid program, but suggested that "when we consider the tremendous stakes involved, the remedy for these difficulties and errors is to try to do a more effective job and not to give up and let the Soviet Union start taking over the world."

The vice president and Mrs. Nixon received a standing ovation from the audience of more than 2,000. Nixon playfully helped move a piano off the stage and offered congratulations to former President Truman on the birth of his grandson before he launched into his discussion of "policies of our government that are designed to keep and secure peace."

Poor Time for Cuts

He said that "while disarmament negotiations are taking place would be the worst possible time for Congress to make substantial cuts in the President's military budget."

Such a move would "indicate not only weakening of America's determination to resist aggression, but also lack of confidence in the judgment of the President of the U. S. to the proper level of our military expenditures."

Better to Be Fortified

Again, there was a burst of applause as the vice president said "occasional waste in defense is insignificant compared with the almost limitless waste and destruction of a nuclear war."

If we are to make an error in this field, let us make it on the side of having enough defense rather than too little."

Likewise, he said, "it would be penny-wise and pound-foolish" to make "crippling cuts" in the foreign aid and mutual security program."

And, in this southern resort city, "the willingness of public-spirited citizens in all walks of life to assume personal responsibility for removing the causes of racial prejudice . . ."

He added that passage of "the moderate civil rights bill now before Congress is one effective step we can take toward living up to our democratic ideals."

Information Meetings Slated On Rondout Valley Bond Issue

The Board of Education of the Rondout Valley Central School announced today that four area information meetings will be held during the week of June 17, for the purpose of presenting information regarding the building program of the district and the $2,900,000 bond issue vote to be held June 26, at the Accord School, Accord. Voting on the bond issue will be from 2 to 9 p. m. daylight saving time.

The schedule of meetings, all at 8 p. m. is:

June 17, Rosendale School, Rosendale.

June 18, Marbletown school, Stone Ridge.

June 19, Kerhonkson school, Kerhonkson.

June 20, Accord school, Accord.

Area residents are invited to attend any or all of the scheduled meetings so that they may obtain correct answers to the questions that they may have in mind.

ABC Board Meets Today at 5

Later Closing Is Likely For Ulster Area Taverns

Modification of the 1 a. m. closing for establishments serving alcoholic beverages appeared close to approval today when a check by The Freeman disclosed these developments:

1) A meeting of the Ulster County Alcoholic Beverage Control Board is scheduled today "around 5 p. m."

2) It was reported reliably that a 2 a. m. closing "across the board" (seven nights a week) has been under discussion for several days by the two-member ABC Board and the Ulster County Hotel and Restaurant Liquor Dealers Association, and

3) A comment by Harry Howard, Democratic member of the board, that "it might be more than that (2 a. m.) on certain days."

Howard Talks to Press

Robert A. MacKinnon, Republican member of the board, was unavailable for comment this morning, but Mr. Howard told The Freeman the ABC Board is scheduled to meet today "around 5 p. m."

"Informal talks will be held and something may come out of it. I have hopes," Mr. Howard said. He declined to comment on what "hopes" he held, but when asked if a 2 a. m. closing seven nights a week was in the offing, Mr. Howard said, "it might be more than that on certain days."

Resorts Complain

It is understood that the two-member board has been pressed in recent weeks to modify the 1 a. m. closing in the light of appeals by resort owners who oppose the earlier closing as a detriment to their business.

It was also learned that tavern and restaurant operators feel the later closing in neighboring counties is attracting Ulster county residents after establishments close here at 1 o'clock.

Teetsel Comments

When informed that the ABC Board might possibly set a 2 a. m. curfew seven nights a week, Robert E. Teetsel, chairman of the liquor dealers association committee which has sought modification of the ruling since it was effected Oct. 1, 1956 said:

"We would be deeply grateful for a 2 o'clock closing, but we still believe it is absolutely necessary that we be permitted to remain open until 3 a. m. on Saturdays since it will avert, to a great degree, traffic to neighboring counties, keep residents within our own county and thereby be more conducive to highway safety."

Order Came Last July

The controversy over the 1 a. m. closing reverts to July 28, 1956 when the local ABC Board announced its order that effective Oct. 1, 1956 taverns and restaurants would have to close at the earlier hour instead of 3 a. m.

Demands for modification of the ruling immediately burgeoned and the issue became involved in litigation.

Mr. Howard said April 24 that he was "in agreement" with a proposal by the liquor dealers association that the hour be extended to 3 a. m. on Friday, Saturday and holiday eves.

Lawrence M. Jenson, Republican member of the board for eight years, resigned May 20, gave no reasons for his decision, and when questioned if the 1 a. m. controversy had influenced his resignation, declined to comment. He was succeeded by Mr. MacKinnon as Republican member of the board, an appointment made by the chairman of the Ulster County Board of Supervisors.

Church Groups Opposed

Since Mr. Howard's statement April 24 several local church groups have opposed the modification proposal.

The extended litigation was begun shortly after the 1 a. m. closing was announced and was climaxed Feb. 4 when Supreme Court Justice Isador Bookstein dismissed the motion for a permanent injunction to restrain the ABC Board from imposing the earlier closing hour.

The action was brought by John Pulvirenti and several other proprietors against the local ABC Board on his own behalf and other interested parties, to enjoin the board from effecting the 1 a. m. closing.

In its July 28 ruling, the ABC Board cited the contention of police authorities that Ulster county received the overflow from Dutchess at that time and opening of the Kingston-Rhinecliff Bridge would increase the

Deadlock Lasts on Tests

Washington, June 6 (AP) — The United States and Russia appeared to be about as far apart as ever today in the issue of calling off atomic weapons tests.

Statements made at almost the same time by Soviet Premier Nikolai Bulganin and President Eisenhower dramatized the deadlock which stands in spite of much recent optimism here about the possibility of a "first step" disarmament agreement with the Russians in the next year or so.

Furthermore, President Eisenhower's expressed interest in ridding the world of atomic weapons — judged by all available evidence — seems to be a long way from realization.

In answering a series of questions at his news conference yesterday on weapons testing and other aspects of disarmament Eisenhower said at one point that he would "like to allay all anxiety in the world by a total and complete ban on all testing, based upon total disarmament" in the field of nuclear weapons.

But he emphasized the requirement of an effective inspection system as one of the principal elements in any acceptable agreement for calling off weapons testing. He repeatedly brought in also the idea that so long as there remains a chance that atomic weapons would be used in war, tests must be continued.

He Hopes Politics Left Out

Johnson Declares Cuts Bipartisan

Washington, June 6 (AP)—Sen. Lyndon B. Johnson (D.-Tex.) said today Congress is cutting President Eisenhower's budget in a "bipartisan" way and he hopes the administration doesn't "inject politics into this matter."

About 300 Republicans, representing all the states, gathered meanwhile for a two-day strategy conference at which the administration spending program is certain to be the principal topic.

Reply to Conference Jibe

Johnson, the Senate Democratic leader, spoke out in reply to President Eisenhower's news conference jibe at opposition party spenders.

Eisenhower said yesterday those who complain about his $71,800,000,000 budget ought to think about how much higher spending would be if budgets like that submitted by President Truman in 1953 were projected into the future.

Eisenhower said the people ought to get the "actual facts instead of merely listening to partisan speeches."

Johnson said he couldn't find anything "partisan" about the way Congress has reduced Eisenhower's requests for new money.

Treatment Same, He Says

"We have treated the Eisenhower budget just as we would have treated a Truman budget or a Roosevelt budget," Johnson said.

"I hope the administration doesn't inject politics into this matter. The roll calls in the Senate in favor of economy have been almost unanimous. This has been a strictly bipartisan matter."

Sen. Knowland of California, the Republican leader, said in a

13 Persons Die In Fiery Crash Of Truck, Trailer

Fayetteville, N. C., June 6 (AP)—A flat bed truck loaded with migrant workers and a tractor trailer slammed together in a fiery crash at a road intersection today and killed 13 persons, the state highway patrol reported.

The highway patrol said 21 persons were taken to hospitals of this area and 14 of them were in critical condition.

All of the laborers reportedly were Negroes.

Fire that broke out in the truck caused most of the deaths, the patrol said.

Ike on Carrier, to See Tactics of Atomic War

With President Eisenhower aboard the USS Saratoga, June 6 (AP) — President Eisenhower cruised off Florida's east coast today for a demonstration of atomic warfare tactics by jet aircraft of this 350 million dollar supercarrier.

The president was accompanied by three cabinet officers and other high ranking officials on the cruise scheduled to end shortly after noon tomorrow.

Fly From Capital

They flew here this morning from Washington. Eisenhower's plane, Columbine III, landed at Mayport Naval Auxiliary Air Station at 9:28 a. m. EST and taxied within 50 feet of the Saratoga gangplank.

The President and his party immediately went aboard the 60,000-ton carrier and put out to sea.

Before landing, the President's plane circled the carrier, where 2,000 sailors spelled out "Welcome Mr. President" on the flight deck.

The President greeted Secretary of Navy Gates and Secretary of Defense Wilson, who came on a plane a few minutes earlier. Secretary of State Dulles and Secretary of the Treasury Humphrey were on Eisenhower's plane.

Sees Jets Catapulted

One minute after the President's plane landed an order rang out aboard the Saratoga "start the jets." As Eisenhower stepped from the Columbine, two jets were catapulted off the ship with a mighty roar.

Then the President and his party went aboard, a crane moved up to remove the gangplank and the ship prepared to move out of the turning basin into the St. Johns river and the Atlantic.

Navy sources said the catapult launching was arranged to show the President how quickly planes can be put in the air, even when the carrier is tied up in port.

The jets were Skyray fighter

Work Bills And Phone Agenda Set

Mayor Asks Talks On Street Plans

A special meeting of the Common Council has been called for tomorrow night to consider support action on measures to come before the state Legislature next week, and it developed today that the aldermen will be given opportunity at the same time to confer with Mayor Frederick H. Stang on street work.

Called by Aldermen

Three Democratic and two Republican aldermen are calling the special meeting for 7:30 p. m., specifically to discuss resolutions pertinent to state measures up for consideration next week. Other municipalities and counties have acted on them, it was noted today.

They deal with unemployment insurance, workmen's compensation, and a proposed increase in telephone rates, and were introduced in the council Tuesday night by Edwin Radel, (D) third ward.

Radel sought council support of them at the session, but they were referred to the laws and rules committee, and the meeting closed without a report from that body.

Suspects Politics

Radel sought to have action on them before the session in Albany June 10, mut Alderman-at-large John J. Schwenk, held that they were not necessarily council business, and he said he suspected political intentions.

Tomorrow's session was called by Radel, James K. Ryan and Frank C. Sass, two other Democrats and Richard V. Roth and Samuel J. Perry, Republicans.

Mayor Calls Conference

Mayor Stang said he considered call of the meeting an opportunity to meet with the aldermen on street work as was proposed Tuesday. He said:

"I have been informed that a special meeting of the Common Council has been called for Friday at 7:30 o'clock to consider certain resolutions introduced by the alderman of the third ward. Inasmuch os the aldermen have indicated a desire to meet with me concerning the city's street program, I shall be happy to meet with them at that time and discuss it. The streets are so much in need of repair that it is important to start as soon as possible. Time is of the essence, and further delay will only incur added expense and hardship on our people."

Quick Action Necessary

Alderman Ryan on Tuesday proposed a meeting with the mayor on the street program to be followed by a special meeting next Tuesday, and aldermen William S. Keyser, second ward, and George F. McArdle, 13th ward, both Republicans, appeared to agree that early action was essential. The suggestion lost out, however, in the course of other argument at the session.

Mayor Stang said he would probably call a special meeting next week to consider the street program, and he was hopeful that the aldermen would meet with him tomorrow night. He had asked for $25,000, to continue street repair work but the request was tabled Tuesday after long debate.

Petition Filed to Block Trial of GI by Japanese

Washington, June 6 (AP) — A suit seeking to block the trial of William S. Girard in Japanese courts was filed today in U. S. District Court here.

Girard, an army specialist 3.C., is accused in the death of a Japanese woman killed as she scavenged scrap on an army firing range in Japan. The United States has agreed to permit trial in local civil courts instead of a U. S. court-martial.

The habeas corpus action here was filed in the name of the soldier's brother, Louis Girard of Ottawa, Ill.

The petition, filed by Attorneys Earl J. Carroll of New York and Dayton M. Harrington of Washington, contends Japanese courts lack jurisdiction.

The petition names, among other defendants, Secretary of Defense Wilson, Secretary of State Dulles and Secretary of the Army Brucker.

Girard, 21, also is from Ottawa, Ill. The victim of the shooting was Mrs. Naka Sakai, 46.

The Japanese claimed jurisdiction on the ground that the firing was outside Girard's line of duty, though he had been assigned to guard some equipment on the reservation.

The petition contends that Girard's detention by the army pending trial in Japanese courts is "illegal and in violation of the Constitution and laws of the United States as well as the treaty rights and obligations of the United States."

The attorneys contend that agreements with Japan give this country "primary jurisdiction" over American military personnel resulting from actions in

Hail Suppression Operates Again In Valley Sector

An experimental hail suppression program in the Hudson Valley, effected again this year May 22 and continuing until Oct. 22, has been operative in three storms, to date, but no hail was reported inside the target area.

A progress report on the program was announced today by Hudson Valley Crop Services Co-op, Inc., which has signed a contract with the Weather Modification Company of San Jose, Calif.

It was reported the operation has been in effect during three storms since May 22, the last of these on June 2 when the ground generators in the southwest and northern sections "were ignited."

Aircraft also was used for over an hour in the northern section of the target around Hudson. No hail was reported inside the target area, it was noted, and observations made at the radar station "indicates the operation to be effective on this type storm."

Same Target Area

Walter G. Schreiber, president of the co-op, announced that in general the target area will be the same as last year with the exception of an extension of the boundaries in the southwest section toward the New Jersey state line, plus an adjustment of a few generator locations.

Silver iodide ground generators will again be used as a "source of nuclei," Mr. Schreiber said.

He noted there are about 70 of these ground generators distributed on both sides of the river at various intervals throughout the section between Albany and West Point. The units are operated by persons who have volunteered to assist with the experimental program, he said.

One aircraft, a P-40 World War 2 fighter, is stationed at Dutchess County Airport, near Poughkeepsie, and will be used as a supplement to the ground generator network, Mr. Schreiber said.

Two Planes Ready

Two other aircraft are stationed on a similar project in Martinsburg, West Va., and, on short notice, will be made available to the Hudson valley area, "if storms of large size make this necessary," he said.

The radar station and field office is located about five miles east of Red Hook on the Mario Cautela property.

He explained that storms as far distant as 80 miles are spotted on the radar and their course is plotted according to speed and direction. The radar location also will serve as a control point for a number of radio controlled generators now under development by the Weather Modification Company.

Cloud Structure Modified

Mr. Schreiber said the ground generator operators in the storm path then are alerted and the tiny silver iodide particles from these generators are taken into the clouds by the same air that rises to form the clouds. The structure of these clouds then is modified from one of water droplet type to one of ice crystal and the decay rate of a cloud is increased.

"This, in turn, prevents the cloud from growing to hail proportion size," he explained.

Funds necessary to sponsor the hail suppression work are obtained by voluntary contributions from growers and various businesses throughout the area, he said, and noted that anyone on the program may contact him, at Red Hook, or write to Weather Modification Company, Box 787, Red Hook.

AMERICAN HISTORY

Lieut. Col. Francis O. Chappelle of West Point in the course of his address, "History and the Blessing of Memory" given before a joint meeting of the Rotary and Kiwanis Clubs advocated a thorough course in American History in our schools and deplored the fact that entrance requirements in some colleges did not include American History and many colleges only required one year.

It was refreshing to hear the colonel state his case for the teaching of American History in our schools since we hear so much about the need to teach our high school students more about communism.

The theorists who see a definite need to teach our children more about communism ask "how can the young men and women who will elect and govern in the future understand the menace of communism unless they learn its nature?"

We believe that the enlightened student in American History will be able to deal with communism or any other ism more successfully if he fully understands our constitutional government, how it was founded by our forefathers, the sacrifices they made and their love of liberty.

Knowledge is the best remedy for ignorance and truth the best defense against falsehood. Let's instruct our children thoroughly in the history of this great country and in the American way of life so that they will be well fortified to defend our system of government if and when the occasion arises.

FOOD LAW NEEDED

No new drug can come onto the market in the United States without having passed a series of careful tests to determine its safety. This is a good thing, as some 11,000 new drugs have come on the market since the revised Federal Food and Cosmetic Act was passed in 1938.

Unfortunately, there is no corresponding law with regard to food. A manufacturer does not have to have proof that a chemical additive is safe for human consumption before he adds it to a food product. He is only restricted from using additives which have been proven unsafe.

According to George P. Larrick, commissioner of the Food and Drug Administration, about 700 different chemical additives are now going into various foods. Of these, he estimates, some 550 have been adequately tested and declared to be safe. That leaves about 150 additives concerning which there is some doubt. Until the Food and Drug Administration can say positively that it regards any one of these additives as unsafe—and that requires tests which may take several years—manufacturers can legally continue putting them into food.

Bills now before Congress—and this is not the first year that such bills have been submitted—provide that chemical additives cannot be used until they have been proven safe for human consumption. Passage of the legislation would be a useful step toward better protection of food consumers, which is to say, all of us.

PICNIC MANNERS

Most of us enjoy picnics. There is something relaxing about getting away from home for an afternoon to enjoy the quiet of a park or of a secluded spot in the country. And, despite the occasional interference of mosquitoes and ants, the picnic lunch is a delightful experience.

Unfortunately, however, picnics can be marred by inconsiderate people. There is nothing more annoying than to return to a favorite spot only to find the place littered. Even worse, some careless picnickers cause forest fires.

It takes only a few minutes, after an afternoon of rest and fun, to clean up the area. A campfire can be extinguished easily enough, and the picnic site left in excellent condition for the next people who will use the area.

Most people who lapse into litterbugging are ordinarily considerate. They would not think of allowing their lawns to go uncut or trash to pile up in front of their home.

The simple realization that this same responsibility to others is necessary can help keep picnic sites pleasant places to spend our free time.

Vice President Nixon may be correct when he calls the $71.8 billion budget "sound." But there are opponents who don't like the sound.

THE UNPOPULARITY OF FOREIGN AID

It cannot be said that foreign aid is unpopular in the United States because Americans are not a generous people. It can be said that foreign aid grows increasingly unpopular because too much of it is being wasted and there are no results in such a tangible form that the people can understand what is being done.

For instance, this country has given plenty of foreign aid to Great Britain and the relations of the two countries have not been worse since 1812, except for a short period during the Civil War. True, the British government has to face its own internal problem which is not to be thrown out of office because of the awful mess of Suez which Britons believe John Foster Dulles made for them; on the other hand, the British policy of selling obviously strategic materials to the Red Chinese and the Red Koreans and the Tibetans can only lead to a collapse of relations between the United States and Great Britain. The Taipeh riots were not accidental and they were timed for international relations.

Whatever is done in any field requires intelligence and apparently that is where we have been weak. Our operators are just not smart. For instance, that one the "Reader's Digest" tells about is not unusual enough. Our government built a $128,000 cowbarn in Lebanon to "demonstrate" to average farmers living on $100 or less a year, the equipment they should provide for themselves in order to get ahead. The dopes! The Levantine farmers who looked at that barn must have wondered what kind of a faker built the impossible.

And if the truth must be told, how many American farmers own a $128,000 cowbarn? Up in my part of Masachusetts, I can only think of one farmer who would have the money to build such a thing for the cows. Most of my neighbors just call in a couple of fellows who know how to put a hammer on a nail and before long, there is a barn. What do cows need—mink carpets?

This goes on all over the world without rime or reason. What American foreign aid is really trying to do now apparently is to bring the whole of mankind to the very highest mechanical proficiency of the United States at one jump. It was believed, at one time, that if Harold Stassen were relieved of association with foreign aid, there might be an improvement, but there has been no improvment under John Hollister, who before he took on this work was most vehement in denouncing the spenders. In fact, he was a member of the Herbert Hoover group of money-savers, but since he has settled on the Potomac, there is no evidence that he is any longer interested in saving the American taxpayer's money.

The "Reader's Digest" quotes an ICA man—the give-away agency—as follows:

"After all, this is the air age. We'll give the Afghans an airline and an agency like our Civil Aeronautics Administration to regulate air traffic. American technicians will have to stay there to run the show, of course; we'll have to teach the nation to read and write before it can begin to produce technicians to replace ours."

At first, I thought this was a joke because about 96 per cent of the Afghans cannot read or write and most are nomads or simple farmers. It was like the old phrase: "Come the revolution you'll eat strawberries mit sweet cream—and like it." So this is the size of the job this bureaucrat would like to undertake at the expense of the American taxpayer. Of course, this means that large numbers of Americans will live in Afghanistan, converting dollars into local currencies which is a grand way to live and to save money.

Why return to the drab life of the United States where the women do their own housework which despite all the mechanized devices that seem so good in the advertisements are such a problem afterwards? No! It is better abroad, where a native woman will look after a child and baby-sitting is not such a complicated family affair.

Foreign aid is unpopular because it does not make Americans proud of achievement. In fact, Americans are often ashamed of the stupid things we do in the name of foreign aid, and being ashamed, they would like to cut it to shreds.

TIRED WOMEN BEWARE OF ARTHRITIS

A warning to tired women to beware of arthritis was issued a short time ago by the Arthritis and Rheumatism Foundation. The Foundation pointed out that case histories of women crippled by arthritis usually show long hours of hard work, in the home or outside, with little rest or relaxation. "Rheumatoid arthritis, the most severe and crippling form of the disease, strikes women three times as often as men. Most of the victims are young housewives and working women between the ages of 20 and 35, the child bearing years."

Rheumatoid arthritis often appears in the young mother after her first child is born. The disease often hits following a period of illness when a woman's physical condition is below par. Or it may even be due to continued exhaustion resulting from overwork around the house or in an outside job. Grief, fear and worry are other "trigger" conditions that help spark the onset of the disease.

The Foundation listed the following warning signs of early symptoms of rheumatoid arthritis:

1. Morning stiffness.
2. Pain and swelling of the joints.
3. Persistent muscular aches and pains.
4. Unexplained weight loss.
5. Fever and weakness.

If any of these warning signs occur and persist, it is time to consult a physician. If neglected in rheumatoid arthritis, they may recur with sudden violence and progress to fusion of the joints in one solid mass. Although there is as yet no cure for arthritis, women who suffer its symptoms are not necessarily headed for the wheelchair. With its present knowledge, medical science can prevent serious crippling in 70 per cent of the persons who develop arthritis, provided the symptoms are recognized early and treatment is begun.

It is pointed out that emotional and physical stress and strain aggravate the disease and that women can do much to check the effects of arthritis by observing the following five rules:

1. Relax your housekeeping standards as much as possible. Don't do all your ironing in one batch. Major house cleaning should be done in installments.
2. Try to take it easier with the children. Undue aggravation doesn't pay.
3. Get as much rest as possible and keep well nourished without becoming overweight.
4. Avoid strain and tensions as much as you can. Try not to let domestic and financial problems get you down.
6. Protect yourself against cold, dampness and sudden chills.

"I Got Influence"

Washington News

By PETER EDSON
NEA Washington Correspondent

Washington —(NEA)— An attractive gal comes out of a door to the large foyer of the east wing of the White House the other afternoon and headed for a door on the opposite side. The ever-alert eye of Bill Simmons, watchdog of that roost for 24 years, spotted her.

"Miss, could I see your pass?" he boomed at the gal.

"I don't have one," the red-faced young woman replied.

"Then what's your name and business here?" Bill demanded.

"I'm Barbara Eisenhower and I'm visiting my in-laws," she replied.

Never heard Bill apologize so profusely and promptly.

Barbara, Ike's daughter-in-law, laughed it off.

THE DEAL has been made for the departure of Chairman of the Democratic National Committee Paul Butler. As soon as Congress adjourns—they're shooting for the middle of July — he'll quietly resign.

Leading contender for the job is millionaire tobacco man Dick Reynolds of Winston-Salem, N. C., treasurer of the party in 1941-42.

PHILIPPINE Ambassador and Mrs. Carlos Romulo opened the embassy to party-goers the other afternoon for the first time since the death of President Magsaysay. It was a reception for their visiting secretary of defense, Gen. Eulogio Balao. The Romulos made up for lost time.

Huge lobsters with the meat cut out and placed in bowls, turkeys, curried shrimp, beef Strogonoff Philippine style, huge hams, mounds of spiced meatballs and big piles of caviar were stacked on the buffet table.

A bar, paneled with Philippine mahogany, has been added to the embassy. Mrs. Romulo did a huge mural for one wall.

AT THE RECENT meeting of the national board of directors of the American Red Cross, members were quizzing ARC president, Gen. Alfred M. Gruenther, about reports that he was to get a Cabinet post soon.

"Rumors have had me everything from secretary of agriculture to secretary of defense," he told them, "but I doubt if the President has heard them because he hasn't mentioned a word about the Cabinet to me."

SAID AT Griffith Stadium the other night:

"Ike opened the season for the Washington Senators by throwing out the first ball and he's the best pitcher they've come up with this season."

HAPPIEST GUY in town is Lt. Col. Harry Findley, exec of the armed forces industrial college here. He finally has his wife back and he and the four kids are eating regularly.

Mrs. Findley was named "Mrs. America" and the contest and public appearances kept her out of town for several weeks.

"She makes the best tamale pie in the world and we sure missed it," Harry explains.

SEN. MIKE Mansfield (D-Mont.) has joined that growing group of party-goers who insist on sitting down at cocktail parties and receptions.

"When you're on your feet around the Senate all day you've got to give them a rest sometime," he explains.

Dr. George Calver, Senate physician, has started advising all his law-making customers that if they must go to parties they'll add years to their lives by sitting instead of standing.

OFFICIALS OF McDonnell Aircraft Company are red-facedly trying to get back a batch of desk models of the F-101 fighter which they have been passing out as gifts.

The model shows a Falcon guided missile attached to the plane. The trouble is Pentagon security officials have not yet approved release of the fact this model can be armed with a Falcon.

KURT SMITH manager of the Sheraton-Park Hotel promised to throw one of the largest parties ever given in town for the Sheraton Corporation's 20th birthday, and he delivered.

He produced a 200-pound cake five feet high and 5,000 egg rolls, among other things. Motif was Chinese. Guests washed down the two suckling pigs with a special 125-proof Chinese liquor called mk-ka-py. You can't pronounce it until after you've tasted it.

Use of Counterpart Funds Suggested to Pay for Aid

By DAVID LAWRENCE

Washington, June 6 — Four billion dollars is not easy to find these days, but this correspondent believes he has located inside the government itself approximately that sum and perhaps more to pay for the mutual security and foreign aid program proposed recently by President Eisenhower. It could cut the budget by four billions and perhaps more. And nowadays anybody who can come up with a budget cut is supposed to be in tune with the times.

The four billions emerge in the form of foreign currencies that today are being used by nations abroad to buy American farm surpluses.

These surpluses consist of wheat and other grains, dairy products, fruits and almost everything else that the farmer has been able hitherto to dump on the government of the United States for purchase.

Sold in Equivalent

What happens is that, with the authority of the Congress, the farm products are sold overseas and payments by foreign governments are made in foreign currencies. Thus, anything sold to some countries would be in the local equivalent of pounds or francs or lire.

These sums have been given the name "counterpart funds." They usually are spent in the same countries which buy the surpluses. But the United States has troops in some and military installations in other countries, and makes all sorts of purchases locally. Up to now only 21 per cent of the "counterpart funds" are brought into the Federal budget and show up in the form of appropriations or as receipts when sales are made. The other 79 per cent doesn't get into the budget at all, and only small amounts have been spent thus far.

The House of Representatives was told during debate this week that, as a result of farm sales overseas, more than $1,000,000,000 now is available in foreign currencies for spending by the United States government. If the pending legislation is passed, approximately $4,400,000,000 worth of surpluses in the United States will be ready for disposal abroad.

Since the legislation was first passed, agreements have been made with thirty countries, covering eighty-seven different disposal programs. Commodities involved in these agreements have cost the Commodity Credit Corp. nearly $3,000,000,000, and only $1,000,000,000 worth has thus far been exported.

World Needs More Food

Now, there's no reason why the government shouldn't buy more and more of the agricultural surpluses as they arise and sell them overseas except that the project has to be carefully handled so as to avoid ill feeling in other producing countries which may be deprived of their markets. But the best answer to this is that the world, with its increasing population, is in need of more and not less food. Backward areas are, of course, undernourished and need help.

In a report filed on May 9 by Chairman Harold Cooley, D., N. C., of the House Agriculture Committee, it is noted that virtually all the foreign-currency funds used thus far have been employed for purchases of strategic materials, military procurement and economic development, and for the payment of certain obligations of the United States government aboard.

There is no reason why the same method and formula of payment cannot be applied to other projects and expenses of the United States in foreign countries, thus saving all or much of the money originally put in the budget for mutual security and foreign aid.

Might Convert Funds

There are, of course, certain items that have to be paid for inside the United States, such as military "hardware" used in American bases abroad. But more and more of the foreign-currency funds can be converted into dollars, if necessary, by using barter methods.

The fact remains that government dollars are being spent today to help American farmers get rid of their surpluses and to keep farm prices up. The farm bloc in Congress, composed of members of both parties, has put this program through in the past and stands back of it today.

The more surpluses sold, the more money for the foreign aid program. This can easily cover the four billions already stipulated in the Federal budget for these items and, if sales of more surpluses of farm products should become necessary, there's plenty in the West and South where the present supply has been produced.

Some will say it's a matter of "bookkeeping." But so are many other items of the budget, and the important thing is to let the public know that foreign aid and mutual security can actually, if Congress will it so, be obtained by merely selling more farm products overseas and finding ways of utilizing the foreign currencies even if those currencies have to be sold at a discount to get dollars. The accumulation of foreign-currency funds to date is a sizable sum, and more can be readily added. That's one way to save budget money and continue foreign aid at the same time—one of those necessary miracles in times like the present.

Today's Business Mirror

By SAM DAWSON

New York, June 6 (AP)—The richest nation in the world with a highly respected currency and with Triple A credit rating has trouble keeping enough money in the bank to meet its bills. When trying to raise new funds it has trouble unless it offers higher interest rates than it thinks it should.

This is what some of the more critical of Uncle Sam's monetary and budget policies call a fiscal mess. It is what the new secretary of the treasury will be stepping into. Some of the smartest money managers in the world are wrestling with the problem.

How could it happen here?

There are many villains in the complicated plot. Chief ones are:

1. Government spending rising more than first expected—and apparently beyond the power of an economy minded Congress to do much about right away.

2. A huge federal debt, most of it inherited, and much of it coming due over and over again each year.

3. Tight money—at least in part Uncle Sam's own doing—makes it ever costlier for him to borrow to pay off old debt or acquire new. Tight money is aimed at keeping a business boom from going speculative and ending in a bust, and is also one way the government hopes to temper the rise in the cost of living.

Has Tax Problem Too

The new treasury secretary will also have to wrestle with tax receipts that are tied closely to the business cycle of good and bad years, since most of his revenues come from taxing corporate and individual incomes.

Uncle Sam's credit is tops. He can borrow all he needs. But in doing so he has to compete with a lot of others who want to borrow, too. And that demand—by corporations wanting to expand and by individuals wanting to drive new cars or buy new homes—has sent interest rates up sharply. The treasury's problem—embarrassing rather than acute—is to get the cash it needs from time to time without drying up the money market and thus forcing some slowdown in business and in building of homes and some buying on the cuff, and also making it harder for state and local governments to find the funds they want so badly just now.

And if business slowed down, corporate and presumably individual incomes would suffer. So would the treasury's take from taxes.

Higher Interest

Every week the treasury goes to the money market for from 1½ to nearly 2 billion dollars on its 91-day bills. It now must pay 3.374 per cent yield on them. That's higher than the new interest rates on U. S. Savings Bonds. It's higher than the Federal Reserve charges banks that borrow from it. It's higher than most banks pay on savings accounts.

The treasury within the next 12 months must borrow more than 60 billion dollars to pay off about 40 per cent of the marketable federal debt coming due in that time. The treasury would like to stretch out some of this debt by selling long term bonds. But the investing public, with a huge demand to choose from just now, is asking higher interest than the treasury would like to saddle itself with for years to come.

But conservatives in the financial world stress that the embarrassment of the huge federal debt and its high interest charges, and the tight money market in which the treasury must operate, isn't the real trouble.

Will Pay Out More

It's the rising cost of running the government's affairs. Advisers of the Congress warn that even if Congress passes the economy measures it is talking about, obligations already passed by previous Congresses, plus the rising cost of materials and wages, will mean the treasury will have to shell out even more than the two billion dollars the President asked.

And a Defense Department fiscal agent says that at the present rate of spending defense will take 42 billion dollars in the next fiscal year—4 billion more than the President asked and 6 billion more than some in Congress want to authorize.

It is this situation (which some call beyond speedy control)—and not the rising federal debt charges or the tight money market or the always uncertain amount of tax revenues—which some of the more conservative critics call a fiscal mess.

Graham Scores Bigotry, 18,000 Hear Garden Talk

New York, June 6 (AP)—A man who looks down on another human being because of his color, Billy Graham says, is sinning against God.

"The heart of all men is the same in God's sight, despite the shape of their physique or the color of the skin," he told a crowd of 18,000 at Madison Square Garden last night.

He said God spurns the "prejudice and bigotry that I fear many often have even in the churches today."

Taking his sermon text from John 4:1-29, in which Jesus defies the racial hostility between Jews and Samaritans by teaching a Samaritan woman at Jacob's well, Graham said:

On Subject Briefly

"Jesus had no national animosities . . . Jesus had no racial prejudice . . . Jesus had no bigotry . . . whether a person walked different or talked different or had a different color of skin."

The evangelist said "God looks on the heart," not the physical characteristics; "God made of one blood all nations."

Graham touched on the subject only briefly, but it is one which he has mentioned repeatedly throughout his New York crusade, usually with a few quick but pointed references.

In one sermon, he said he knew of many Christians who "sit down and sing, 'Oh how I love Jesus,' and hate a man because of his color."

"It's an abomination of God," Graham added. "It's taking the name of God in vain."

He said at another meeting, "I know of hundreds who hate others without cause, and use as an excuse the color of skin. And it's not confined to one section of the United States, but all over the world."

622 Answer Plea

"God," he says, "does not judge by your color, by your social status, or your standing on Wall Street."

Graham said last night that accepting Christ transforms you and changes your attitude "toward God, toward yourself and toward your neighbor."

At the end of Graham's sermon, 622 persons responded to his plea to "yield your life to Christ." So far, a total of 13,306 have taken this step.

As Graham's crusade entered its fourth week, attendance has totaled 392,500. The drive now is scheduled to run until July 21, with a possibility of the meeting being held in Yankee Stadium on the closing date, and at the Polo Grounds June 30.

Arrangements have not been completed for either of the two outdoor arenas.

'Kingfish' to Wed

Los Angeles, June 6 (AP)—Tim Moore, 69, better known as the Kingfish of the Amos 'n' Andy show, is getting married today. He and Mrs. Vivian J. Gravens, 39, took out a license yesterday. Moore, a widower, said the honeymoon will have to wait until he returns from a four-week personal appearance tour with the show.

It takes a man to admit he's wrong and a woman to prove it.

Motion Out to Set Aside Tax Conviction

Buffalo, June 6 (AP)—A federal district court judge has rejected a defense motion to set aside the conviction of a Niagara Falls public accountant on four charges of income tax evasion.

Attorneys for Raymond A. O'Connor, 60, the defendant, based their argument yesterday on a Supreme Court decision this week that said that federal investigative agencies can be required in certain cases to turn over hitherto secret reports to defendants.

O'Connor's lawyers said that the Supreme Court ruling applied to reports by internal revenue agents who investigated O'Connor's financial affairs.

Judge Justin C. Morgan ruled that the Supreme Court decision this week was not applicable in the O'Connor trial. He said he would sentence the defendant next Monday.

YMCA News

Activities

Boy's Dept., the boy's department is still running its spring program which will conclude June 22. This is a review of what is now taking place at the YMCA.

Every Monday and Thursday, Junior and Senior Lifesaving courses are held. This will end by June 6. The Boy's Department conducts craft classes under the supervision of Miss Judy Matthews.

Every Wednesday, swimming instructions are given to boys from 3:30 until 4:45 by Frank Rebollo, youth director. While instructions are going on, boys eight through ten years who are not receiving instructions, play games in the boys department. Boys 11 years and up go to the gym for a game of softball. At 3:45, all boys can participate in recreation swim under the supervision of the Lifeguard, Jack Millard and the Junior Leaders corps until 5:30.

Every Friday, 3:30, there is bowling for all boys who wish to bowl; 3:30, swimming achievements tests are given to boys who wish to receive higher aquatic awards, such as fish, flying fish, and shark. 4:45, all boys can participate in a recreational swim.

Saturday, 9 a. m., practice softball league, recreation swim following game.

Family Picnic

A family picnic is being planned by Miss Eva Oskay, secretary-treasurer and her committee of YMCA Mothers who include Mrs. Wanda Hendricks, Mrs. Dorothy Jonescu Mrs. Alba Hawkins, Mrs. Joyce Redmond, Mrs. Anna Cerasaro and Frank Rebollo, youth director. This committee met Friday, May 24 to discuss the program with Mr. Rebollo and they have decided to hold a family picnic at Forsyth Park, Thursday, June 27. There will be refreshments donated to the Parent's Club. Everyone will bring their own food. Games will be conducted and prizes awarded. Swimming will be held for the children in the pool.

Classes will begin June 12 at 7:30 p. m. for women desiring instructions in swimming.

Summer Schedule

Every Monday, the Boys Division will go on a trip to some point of interest such as: Rip's Retreat, Lake Taconic, Bear Mt. Park, Asbury Park, Bronx Zoo, Western Printing Co., Sportsman Park, Sebago Beach and DeWitt Lake. There will be special trips also such as the rodeo at Tumbleweed Ranch, Yankee Stadium and the Dutchess County Fair. These trips will be supervised by parents who wish to go along, Junior Leaders Corp, Frank Rebollo, youth director and Jack Millard, boy's assistant.

Every Tuesday and Thursday, 9:30 a. m., boys will play at the Athletic Field; 11:45, boys will go for a recreation swim; 1:30, swimming instructions are held; 3-4, all boys go for a recreation swim.

Every Wednesday and Friday, Girls Day; 9:30 to 11:30, swimming instructions will be held for girls from 6 years and up. 1:30 - 2:30, recreation swim time.

Ladies classes meet Wednesday only at 7:30 with swimming instructions for ladies.

Every Saturday, 9 a. m. until 12:30 noon, Prep Softball League will be conducted until August 10. A swim will follow each game. August 17, special trip; August 24, father and son morning; August 31, end of season party for all "Y" Boys and friends. There will be movies, refreshments and awards will be given out to winning softball team.

Home Spun

Ludlow, Ill. (AP)—An old spinning wheel still spins warp for rugs. Mrs. Margaret Minyard, 83, says although her 150 year old spinning wheel has long since served its purpose, she has used it for the past 33 years in her rug weaving business in her home. Mrs. Minyard learned to spin woolen and cotton threads in her old Kentucky home on the same wheel her grandfather hand-carved. It is serving the fourth generation of the family.

DO YOU REMEMBER

By SOPHIE MILLER

Myron S. Teller's item on the Brooklyn Bridge brought responses. Mrs. Steward Chase of Lake Hill writes: "Mr. Teller states that he read in another paper where the base of the Brooklyn Bridge came from quarries in Connecticut. That is not true. It is as Mr. T. says, he always thought the limestone rock for the base came from Kingston and Ulster county. Well it did come from Luke Noone's quarry and the cement from Rosendale. My husband worked in the Noone's quarry and was a blaster and quarry foreman for years with Ulster county. He says he can show anyone the place where the stone was taken from out of the quarry. In fact, he was with the company quarry until they closed and constructed Deitz Stadium."

Following from A Centennial of Cement Manufacturing 1850-1950 sent to me then by the Century Cement Manufacturing Co., Inc., of Rosendale, which book I treasurer, for such items as this: "Work was commenced on the Brooklyn Bridge in 1870. At the time, it was an engineering feat of vast magnitude whose dimensions, character and importance had no parallel in the history of bridge building in America. Its total length is about one mile and the towers are an average of 334 feet above the foundations. This was a complete Rosendale cement job."

I know the last sentence makes most of my readers very happy especially being it comes from such authoritive sources. The item continues: "The concrete was one part of Rosendale cement, two parts of sand and three parts of gravel and stone chips. Each tower foundation required about 4,000 cubic yards of concrete. In 1936, New York city surveyed the Brooklyn Bridge as they planned to enlarge it in the future. They now intend to replace everything except the towers, suspension cable and anchorages. These towers and abutments were as good, on being inspected, as the day the bridge was opened, and the engineers predicted they will last anywhere from 500 to 1,000 years longer. In the tidal range of salt water bearing sewage, industrial waste and flotsam, the Rosendale cement mixture remains intact, free from chemical disintegration through over one-half century of New York winters. This is true permanence."

I wonder how many folks know that back in the 1880's the State of Liberty was built in three lifts. The lowest lift being made of our own straight Rosendale cement concrete, the middle lift was a blend of Rosendale cement with Portland cement. The top lift above the range of tidal waters was straight Portland cement imported from Europe. The granite facing was laid in mortar made from portland cement and lime. The granite facing has been repointed from time to time, but the Rosendale concrete pedestal has required no repairs of any nature."

So when local folks brag about Brooklyn Bride being built of Rosendale Cement they can also include the base of the Statue of Liberty. The book has a good photo picture of a State Education Department 1933 Marker at the plant site stating: "Rosendale Cement discovered here in 1826. First commercial mill operated here 1828 by Watson E. Lawrence, called Lawrenceville." Another marker states "Grist Mill, operated in 1809 by Jacob Low Snyder, Early settler; in 1825 by Judge Lucas Elmendorf, cement ground here for D and H Canal."

At last money *does* grow on trees! And the guy who's done it (wouldn't you guess?) is Sgt. Bilko. Fact is, Bilko's gone and raised 10 lovely Money Trees with a total of $32,000 in real cash sprouting on 'em. And *you* may win one just by writing a last line for a jingle about new gentle Joy—the one liquid that makes dishwashing *almost nice.*

It's easy to enter! Lots of fun, too. The first thing to do is buy a can of Joy and read the label. Then try Joy and see how it takes the greasiness out of dishwashing. You'll get lots of ideas that can help you write a winning last line. So take the money-saving Joy coupon below to your dealer today and get started. Print your last line in the entry blank below.

Laugh with Sgt. Bilko on the Phil Silvers Show each Tuesday night on the CBS Television Network

FOLLOW THESE EASY RULES

1. Complete the JOY jingle shown at the right. Print your last line to the jingle in the entry blank or on one side of a sheet of paper. Print your name and address plainly.
2. Mail to "Money Tree," Dept. C, Box 24, Cincinnati 99, Ohio. You can enter the contest as often as you like, but each entry must be accompanied by the number you copy from the bottom of any size JOY can.
3. Entries must be postmarked no later than midnight, September 30, 1957, and must be received not later than October 15, 1957.
4. Entries will be judged for originality, rhyme, metre and aptness in completing the jingle. The judges' decision will be final. Except for incidental help from family and friends, entries must be wholly the work of the person in whose name the entry is submitted. Entries prepared in whole or in part by professional or compensated contest writers, schools, or services will be disqualified.

Only one prize will be awarded to any person. Duplicate prizes awarded in case of ties. No entries returned. Entries, contents, and ideas therein belong unqualifiedly to Procter & Gamble for any and all purposes.

5. Any resident of the continental United States (including Alaska) and Hawaii may compete except employees of Procter & Gamble, its advertising agencies, and their families. Contest subject to governmental regulations.
6. There will be one first prize of $15,000, one second prize of $7,000, one third prize of $3,000, and 7 additional prizes of $1000 each. All winners will be notified by mail.

whether you enter contest or not

Let's face it. Nothing can make dishwashing fun. But new gentle JOY does make it—well, *almost nice.* JOY, you see, puts an end to greasy dishwashing. Takes the greasy *look* and *smell* and *feel* out of dishwater. And JOY is gentle to your hands—it's been changed, you know—JOY is now milder than any other leading liquid. There's nothing else like JOY. Try it and see.

Will Not Charge To Swim, Only ForBeachParking

Andrew J. Murphy 3d, city director of recreation, said today apparently there is some misinterpretation of prices affecting resident and non-resident use of Kingston Point Beach this summer.

He denied what he called a "prevalent rumor" that there will be a 10-cent charge for swimming at the beach.

A parking fee of 25 cents for resident users of the beach will be charged and $1 for non-resident users of the beach's facilities, but the charges apply only to parking and there will be no admission price to swim, he said.

He noted that non-resident users of the beach without vehicles will be charged 10 cents and buses will be charged $2 each for parking privileges.

Decals to identify resident and non-resident automobiles will be issued starting Friday at the beach only.

The beach is slated to be officially opened to the public starting at noon Friday.

Over next weekend the beach will be open from 10:30 a. m. to 8:30 p. m., Saturday and Sunday. It will be open again during the the same hours over the weekend of June 14 and on June 21 will open on continued summer schedule, from 10:30 a. m. to 8:30 p. m., daily through Labor Day.

A few special night programs are expected to be scheduled.

Lifeguards will be on duty at all times.

Albany, N. Y., June 6 (AP) — The State Thruway Authority reported yesterday that Cease Commissary Service Inc. of Dunkirk was the high bidder for restaurant leases at three service areas on the Erie section of the superhighway.

Cease Commissary proposed to pay to the authority 17.732 per cent of gross sales from operations of restaurant at Angola, on the westbound lane, and at Brocton, where two will be situated.

Forty-one miles of the Erie section, from Silver Creek to the Pennsylvania line, are scheduled to open by mid-summer. The rest of the 70-mile stretch, running to a point east of Buffalo, is slated for completion by the end of the year.

Glens Falls, N. Y., June 6 (AP)—Harold McFarland of Albany is the new president of the Secretary-Treasurers Assn. of the Grand Council of the United Commercial Travelers of New York state.

He was elected last night to succeed Edwin Kohl of Newburgh.

Other officers elected at the Council's annual convention were Joseph Morin of Rochester, vice president, and Ernest Muzzy of Jamestown, secretary.

Approximately 300 are attending the convention.

Oswego, N. Y., June 6 (AP)—A 13-year-old boy, accused of killing a playmate after they had argued over a 12-cent debt, was charged yesterday with being a juvenile delinquent.

Charles Worden of nearby Cleveland was arraigned in Oswego County Children's Court but the case was adjourned to tomorrow. His father, Stewart Worden, said time was needed to obtain counsel.

State police said young Worden fired a shotgun blast into the face of Ronald Phelps, 12-year-old son of Mr. and Mrs. Pliny Phelps, after the boys had argued Tuesday. Troopers said Charles had claimed that the Phelps boy owed him 12 cents.

Detroit, June 6 (AP)—Four minor officials of the giant Ford Rouge Local 600 of the United Auto Workers Union, who recently invoked the Fifth Amendment before a Senate subcommittee investigating communism, have been ordered to stand trial before a local board.

Carl Stellator, Local 600 president, issued the order yesterday. It followed receipt of a letter from UAW President Walter Reuther.

Reuther detailed the union's procedure for dealing with officers who invoke the "Fifth" when questioned by legislative committees on corruption and communism.

The letter, mailed to all UAW locals, was prompted by the recent appearance of seven minor UAW officers before the Senate internal security subcommittee, headed by Sen. Eastland (D-Miss.).

Four of the witnesses were from Local 600. No date was announced for their trial.

Cooked pearl barley and buckwheat groats are both delicious served with roast duck, and a nice change from potatoes.

Fear Pilots Dead In Air Collision

Moffett Field, Calif., June 6 (AP) — Two single-seat attack bombers collided while approaching an aircraft carrier during maneuvers and both pilots are believed dead, the navy said last night.

The accident, some 400 miles west of Los Angeles on the Pacific ocean, occurred Tuesday night but was not made public until late Wednesday.

Identified by the navy as the missing pilots were Cmdr. Milton K. Dennis, 40, of Los Altos, Calif., and Lt. (J.G.) John W. Thompson, 26, of Sunnyvale, Calif.

Both members of Squadron 96, they had been preparing for night carrier landing qualifications.

Squadron 96, regularly based at Moffet Field, was aboard the carrier Kearsarge for two weeks of operational training.

Seeks New Trial

New York, June 6 (AP)—Union official James J. Matles, denaturalized in Brooklyn Federal Court after a six-week trial, is seeking a new trial based on a Supreme Court ruling concerning withholding of pertinent information from a defendant. Matles, 48, is director of organization for the United Electrical Workers (Ind.). He was convicted of lying to conceal Communist activities when he became a citizen in 1934. After trial, his citizenship was revoked last March 26 by Federal District Judge Walter Bruchhausen.

AMERICAN MENU

Creamed Mushroom, Tuna Dish Is Easily Prepared

DELICIOUS SUMMER meal that is easily prepared is this combination of creamed mushroom, tuna and hot, fluffy rice ring.

By GAYNOR MADDOX,
NEA Food and Markets Editor

For an easy, really delicious summer meal, try this mushroom, tuna and fluffy rice combination:

Creamed Mushroom and Tuna Fish (Serves 6)

Three-quarters pound fresh mushrooms or two cans (4 ounces each) mushrooms; 6 tablespoons butter or margarine, ¼ cup lemon juice, 1 tablespoon minced onion, 4 tablespoons minced parsley, 2 cans, 10½ ounces each, condensed mushroom soup, ½ cup milk, 1 tablespoon paprika, 1 teaspoon salt, ¼ teaspoon pepper, few grains nutmeg, 1 can (7½ ounces) tuna fish, drained and flaked; 3 cups cooked hot rice.

Rinse the mushrooms lightly in cold water. Remove stems and slice. In a heavy skillet melt the butter or margarine; add the mushroom caps, sliced stems, lemon juice and onion. Cook for 10 minutes, shaking the pan occasionally. Remove the mushroom caps to a bowl. Reserve. Add the parsley, mushroom soup, milk, paprika, salt, pepper and nutmeg; cook 5 minutes. Add the mushroom caps and tuna fish; reheat. Serve over hot fluffy rice ring. Serve immediately.

Shrimp Creole With Mushrooms (Serves 6)

Three tablespoons olive oil, 1 clove garlic, chopped; 1 medium onion, chopped; 1 small stalk celery, chopped; 1 green pepper, chopped; one 1½ pounds cooked (or canned) shrimp. 1 pound fresh mushrooms, sliced or two 4-ounce cans mushrooms; 1 No. 2 can tomatoes, 1 teaspoon salt, ½ teaspoon pepper.

In large skillet or Dutch oven, heat oil and saute garlic. Add onion and cook 4-5 minutes. Add celery, green pepper, mushrooms and tomatoes. Cook 5-10 minutes. Add shrimp and seasonings. Cook over low heat 20 minutes. Serve with rice.

TOMORROW'S DINNER: Creamed mushrooms and tuna fish on flaky rice ring, crisp rolls, butter or margarine, spring salad bowl, fresh strawberries, light cream, coffee, tea, milk.

Alaskan Gold

Alaska still yields more than $8,000,000 worth of gold each year—more than the entire purchase price paid to Russia by the United States in 1867.

Says Scientists Who Oppose Bomb Tests Qualified

Pasadena, Calif., June 6 (AP)—The 2,000 scientists who signed a petition calling for an end to nuclear bomb tests are thoroughly qualified to speak as experts on the subject, says Dr. Linsu Pauling, who prepared the document.

Pauling, a Noble prize winner who heads the bio-chemistry department at the California Institute of Techonlogy, came to the defense of the signers yesterday in the face of criticism from President Eisenhower, among others.

At his press conference the President said he had noticed that "in many instances scientists that seem to be out of their own field of competence are getting into the argument" over the danger of radioactive fallout from nuclear tests.

"It is absolutely wrong to say the signers are not qualified to speak out," said Pauling. "The leading genetecists in the nation signed. Most of the signers are bio-logists and are just the people who do know the biological effects of radiation. Nobody in the world is more competent to speak on this question."

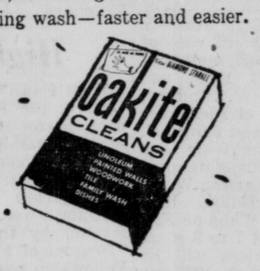

Sees U. S. 'Climb Down'

Hong Kong, June 6 (AP)— Peiping radio today called the U. S. agreement for a Japanese court to try American soldier William Girard a "climb down" which the Reds said was being done "to appease the mounting anti-U. S. sentiment the world over."

Tillson

Tillson, June 6 — Mrs. Ruth Davis will be in charge of a fancy booth at the annual Strawberry festival sponsored by the Tillson Christian Endeavor Society on Thursday, June 13, at the Friends Church. The proceeds will help defray the expense of sending representatives to the summer assembly. Articles to be donated for the fancy booth should be given as early as possible.

Tillson, June 6—The Tillson Spotlighters held their monthly meeting Tuesday evening, and a new play, planned to be produced this fall, is now being read. The play, "January Thaw," is a comedy with many amusing situations. Two new members, Mrs. Charles DeWitt and Miss Barbare DeWitt, were accepted into the organization.

Civil Rights Debated

Washington, June 6 (AP) — House managers of civil rights legislation called on their supporters today to attend sessions faithfully so southerners won't seize a chance to sidetrack or water down the bill. After clearing preliminaries yesterday, the House today begins four days of formal debate on the measure. Then will come the crucial tests when the bill will be open to amendment.

There are 107,082 miles of public roads and streets in Michigan.

World News in Brief

Reds Propose Pledge

London, June 6 (AP)—The Soviet Union has proposed to the UN Disarmament Subcommittee that a first step toward disarmament include a "solemn pledge" not to use atomic weapons.

The official Soviet news agency Tass today reported the proposal was made by Soviet Delegate Valerian Zorin during a closed meeting of the five-nation subcommittee here yesterday.

Informants said British Delegate Allan Noble countered that it is not "realistic" to try to abolish the use of atomic weapons through a simple pledge. He was said to have told the meeting such pledges are likely to be worthless unless they are backed by appropriate control and enforcement machinery.

No Bomb Fallout

London, June 6 (AP)—Air Commodore Denis Wilson, a leading British radiologist, arrived home today with the eyewitness claim that the second British H-bomb exploded last week was "clean" —for the time being.

He told newsmen on arrival at London airport: "There was no fallout at all. But ultimately the fallout will come down—sometime in the next year or two."

Didn't Keep Money

Washington, June 6 (AP) — A Chicago Bakers Union official testified today he deposited some $9,000 of union funds in his own savings account on orders from his union "boss," but didn't keep the money.

Anthony Conforti, president of Chicago Bakers Union Local No. 1, said he considered that "well, yes," this was a strange way to handle the money.

But Conforti said he did not question the orders which he said came from George Stuart, then international vice president of the union.

Doubts Trade Change

Washington, June 6 (AP)—Sen. Knowland (R-Calif.) said today he does not expect President Eisenhower to recommend the lowering of barriers against American trade with Communist China.

In a separate interview, Sen. Bridges (N.H.) chairman of the GOP policy committee, said if any such proposal should materialize it would receive "harsh treatment" from Congress.

Bridges and Knowland, the Senate Republican leader, said they remain solidly opposed to any U. S. trade with Red China. This question is to be explored soon by the Democratic-controlled Senate Commerce Committee. Some Democrats have said this country ought to be "realistic," as they termed it, about trading with the China mainland.

Special Council

ported that city councils and boards of supervisors have acted to indicate sentiment on the measures due for action by the state legislature.

Support of Gov. Harriman, the AP said, has been heaviest on the proposed telephone legislation, but in contrast, response on workers' benefits has been unenthusiastic.

GOP Support

Republican boards of supervisors in Broome, Westchester, Essex and Cattaragus counties, have supported Harriman on the telephone rates, as did Republican-led councils in Schenectady and Gloversville. The latter also backed the governor on workers' benefits.

City councils in New York and Buffalo, both controlled by Democrats, and Democratic councils in Massena, Tonawanda and Plattsburgh passed similar resolutions.

Many of the governing bodies decided to table or reject similar proposals, introduced by Democrats. Usually, the vote was on party lines.

These included boards of supervisors in Monroe, Allegany, Cortland and Otsego counties, all GOP-controlled; the Cortland and Amsterdam city councils, and the Democratic-controlled Utica Common Council.

In Poughkeepsie, Republican aldermen would not second a proposal by the lone Democratic member. Mayor J. Thomas Dietz contended it did not reflect the views of Poughkeepsie residents.

Calls Boost Unwarranted

The Albany report today said Gov. Harriman was receiving noticeable Republican support "on the local level" in a move to cripple a $55,500,000 rate increase sought by the New York Telephone Co.

Harriman insists that the rate-boost is "unwarranted."

The telephone legislation split the Republicans controlling the state Legislature at its regular session earlier in the year. It was passed by the Assembly, but was killed by Republicans in the Senate's finance committee.

All prospects of an increase would not be eliminated by enactment of the bill. However, it would weaken the company's chief argument and provide the Public Service Commission with legal justification for reducing drastically the company's requests.

Four Are Arrested On Speed Charges

Three drivers were arrested late this morning on charges of speeding on Albany avenue and another was charged early this afternoon with speeding on Andrew street.

David T. Horan, 25, of Sharon, Mass., and Ronald Lee Mortensen, 21, of 76 Clinton avenue, both arrested this morning are due in court tomorrow morning. Frank Dailey, 51, of Port Ewen, also arrested this morning is due in court Monday.

Bruce Carlton Port, 17, of 42 Hurley avenue, arrested on Andrew street this afternoon is due in court tomorrow.

All arrests were by Motorcycle Officer Gurnsey Burger Jr.

Traffic Club's Annual Outing Slated June 12

The annual outing and day of golf of the Mid-Hudson Traffic Club will be held Wednesday, June 12 at Baird State Park, Freedom Plains.

According to the program of the day luncheon will be served from 1 to 6 p. m. and dinner in the clubhouse at 7 p. m. A sports program has been arranged for all and prizes will be presented at the dinner.

No meetings of the club will be held during July and August. The first meeting in the fall will be held Sept. 11 at Kingston.

13 Persons Die

said Joe Lozak of Berwick, Pa., who saw the crash in the rear-view mirror of his potato truck. "Men, women and children lying all over the highway. I think the impact killed them, not the fire."

The patrol said 41 laborers, from several states, were aboard the truck which pulled into the path of the tractor-trailer at the intersection of highways 301 and 102, nine miles north of Fayetteville, at 7:15 a. m.

"I didn't count them, but one of the boys said he counted 37 (victims) at one time, all laying down, some dead and some injured, some squirming around," said W. H. Covington, operator of a country store near the road crossing.

One laborer said the workers, after camping overnight near Mt. Olive, N. C., were enroute to Dunn, N. C., to harvest beans.

Gilbert Robert Peters, 25, of Route 2, Watwallopen, Pa., the tractor-trailer driver was slightly hurt. The flat-bed truck driver was among those killed.

'Terrible Sight'

Covington, who said he went to the site after "a couple of fellows came to the store to call an ambulance," added: "There was plenty of blood. Some of them (victims) were mangled all up. It was a terrible sight."

The scene, about 50 miles south of Raleigh, was one of utmost confusion as the truck blazed, injured groaned and wailed, and ambulances sirened in among patrol cars and ever-jamming traffic to pick up the victims.

Handyman's Debut

Huntington, W. Va. (AP) — George Feyer, concert pianist, was playing before a Marshall College audience when a pedal on his piano broke in the midst of "Echoes in Paris." Flustered, Feyer turned to the audience and inquired: "Does anyone here know how to fix a piano pedal?" A lanky freshman made his way to the stage and saved the day He received Feyer's thanks and a tremendous ovation.

MODENA NEWS

Modena, June 6—Annual Children's Day services will be held on Sunday at Modena Methodist Church at 11:15 a. m.

A program will be presented by the Sunday School and Weekday Released Time classes of the Church School entitled "Scenes From the Old Testament"; a demonstration, "How We Came by Our Bible"; a play on Christian Heroes, "Who Am I?"

Following the Children's Day services, a picnic will be held on the parsonage lawn. A covered dish meal has been planned, beverages will be provided.

If unfavorable weather conditions prevail, the affair will be held in Community Hall.

A meeting of importance to parents will be held immediately following the picnic.

The Official Board of Modena Methodist Church will meet Monday, June 10, at 7:30 p. m. at the home of Mr. and Mrs. Joseph E. Hasbrouck. At this time the "sector plan" will be discussed.

The annual picnic of the Modena unit of the Ulster County Home Extension Service will be held Tuesday, June 18, at 10:30 a. m. on the lawn of the J. E. Hasbrouck home.

Mr. and Mrs. Edward Conroy of Brewster visited at the home of Mr. and Mrs. Roy DuBois and daughter, Marylou on Saturday.

Mr. and Mrs. Edward Jacoby of La Grangeville and Mr. and Mrs. Nelson G. Hedges were supper guests of Mr. and Mrs. Burton R. Ward on Sunday.

The Modena MYF was host to the Subdistrict Mid-Summer Rally, held on the Modena School grounds Sunday.

Arnold Andersen has completed his studies at the Orange County Community College, and is employed by IBM.

Miss Glennie M. Wager accompanied Mrs. Frank E. Crawford of Chelsea, Mr. and Mrs. E. Owen of Newburgh to the Harriman State Park, Seven Lakes Drive on Monday.

Mrs. Roy H. DuBois and daughter, Marylou, visited Mrs. Myron L. Shultis at the Benedictine Hospital, Kingston, on Sunday.

A Leadership Commitment Service was conducted Sunday in the Modena Methodist Church, with the following representatives: Local government, James Palen; the public school, Mrs. Henry Black; commuters, J. Leonard Coy; professions, Mrs. Emmett Hyatt; organizations, Eldred Smith; the church, Mrs. Edna Pierce.

Financial and Commercial

New York, June 6 (AP)— The stock market improved initial gains as steels and oils advanced in fairly active trading early this afternoon.

Among pivotal issues the gains ran from fractions to around a point, nudging the market averages slightly ahead; but selected issues not in the averages made wider gains.

Tobaccos, after early inaction, showed some gains, recovering from the impact of the American Cancer Society's adverse report of two days ago.

The steels advanced as reports came of rising prices for steel scrap in the Pittsburgh district.

The oils were up on the mixed news of higher prices in the Middle East and bigger gasoline stocks in the United States.

Motors did next to nothing. The leading rails showed scant change. Aircrafts, nonferrous metals and chemicals were mixed.

On the American Stock Exchange prices rose in active trading. Oils were strong.

Corporate bonds were slightly lower in quiet trading.

U. S. government bonds were steady in light dealings over the counter.

tional Anthem. The Rev. Forrest R. Prindle will give the invocation and the address of welcome to the visitors will be by John Vines, vice-president of the Board of Education.

School Choir to Sing

There will be introduction of members of the Board of Education, Citizens Advisory Committee, Clarance A. Johnson, district superintendent, and Albert Milliken, architect.

Members of the School Choir will be heard in two numbers, "The Cuckoo Cries" and "The Donkey Serenade."

Keys to the new school will be officially presented by Arthur Larsen of Larsen-Johansen, general contractors for the school, and the keys will be accepted by Edward F. Dingeldey, president of the board of education, on behalf of the board.

There will be an expression of appreciation of the school from administration by Principal Reginald D. Russell, and the appreciation of the school from the student body will be delivered by Miss Naomi Bostic.

Band to Play

Following the address of Mr. LeBaron, a welcome by the president of the P-TA will be delivered by Dr. Gerald Sumber and the ceremonies will close with the benediction by the Rt. Rev. Msgr. Stephen P. Connelly.

The band will play as guests exit from the auditorium and begin their inspection of the school. Refreshments will be served by the Faculty Association in the cafeteria.

Plans for the school building, which contains an area of 56,000 square feet and can accommodate 600 pupils, were discussed at a public information meeting held on March 16, 1955 and four days later the bond issue for the school was approved by the voters of the district.

Site Purchased in '55

On July 8, 1955, the site for the school was purchased from A. H. Chambers, for whom the school is named, and on September 9, 1955 construction bids were accepted and contracts awarded. Actual construction was commenced on September 24, 1955 and one year later the school was put to use.

However, before the building was completed it was decided additional room would be required within a short time and on October 14, 1955, four additional rooms were voted and a second bond issue approved to meet that cost.

On May 3, 1956 a $856,000 bond issue was sold and on July 10, 1956 an additional bond issue of $60,000 was authorized to complete the work.

While the school was put to use at the opening of the 1956 school year last September when 427 pupils were registered, the school was not actually completed until December 28, 1956. Construction cost was $527,888.72; plumbing $66,473; heating and ventilating $79,561.02; electric $63,765.60; architect $46,414.22; land $26,650; legal and survey of land $11,148.70; grading and landscaping $5,615.64; walks and roads $20,787.91; drainage and water $8,003.42; equipment $54,351.95.

The cost per square foot for construction only was $13.78 and the cost per square foot for the completed plant was $16.35.

Board Members

Members of the board of education are Edward F. Dingeldey, president; John Vines, vice president, and Mrs. Benjamin Emerick, Harold Keator Jr. and William Harbig.

During the early days of the project a citizens "advisory committee" was named to lend its assistance and suggestion to the project. Those members, who will be recognized at the dedication service Sunday are Supervisor Percy Bush, Justice of the Peace Harold Macholdt, Stephen Hyatt, Mrs. Gilbert Hoppenstedt and Francis Phillips.

Antitrust Win Hailed

Washington, June 6 (AP)—The government's antitrust victory over the du Pont Co. and General Motors Corp., was heralded by some federal officials today as a "milestone" decision. They said it may pave the way for tougher enforcement of the monopoly laws. After close study of Monday's Supreme Court ruling in the du Pont-GM case, government lawyers indicated their belief the high court has handed them a potent weapon against busines mergers.

Would Limit Tests

Washington, June 6 (AP)—Sen. Anderson (D-NM) suggested today the United States make a definite proposition to limit nuclear bomb tests to the equivalent of 10 million tons of TNT a year. Anderson, vice chairman of the Senate-House Atomic Energy Committee, told newsmen the limit should be based on the amount of radioactive material hurled into the atmosphere by bomb blasts—not on the size of the bombs themselves.

U. S. Population Seen 171 Million

Washington, June 6 (AP)—The Census Bureau estimated that the population of the United States, including the armed forces overseas, will reach 171 million today.

The bureau said the population is growing by about 8,000 persons per day or three million every year. The last national census, in April 1950, counted 151,132,000 persons.

The census bureau's elaborate electric chart, which records a net gain of one person every 11 seconds based on statistical averages of births, deaths and immigration, will register 171 million at about 3 p. m., EDT, today. However, bureau officials point out that this is only an estimate.

The chart registered the 170 million point last Feb. 15. At that time the bureau estimated there was a gain of 7,200 in the population every 24 hours, instead of the 8,000 presently estimated.

Teener Dies on Road After Inn Quarrel

Lindley, June 6 (AP) — A teenage girl ended a quarrel with a boy friend in a roadside inn last night by running along a highway and throwing herself to her death in the path of a moving automobile.

The authorities said that the victim, Miss Emma Jean Short, 19, of Osceola, Pa., committed suicide.

Several witnesses told police they saw the girl running along Route 15 and suddenly throw herself into the path of a northbound auto. The scene of the tragedy was about two miles north of the Pennsylvania border.

The girl's companion, Gordon Jessup, 25, also of Osceola, told police that he and the girl had quarreled a moment before in a roadside inn nearby.

Jessup said that he was trying to calm the girl down when she broke away from him and ran to her death.

The police did not say what the couple quarreled about.

Coroner Wayne Templer of Steuben county said he would issue a certificate of accidental death.

Mexico City, which dates back to about 1325, is the oldest capital city in North America.

Nothing was too good for a chronic asthma sufferer. He went to the best-known doctor in the city for diagnosis and treatment. The doctor questioned the man thoroughly and assured him that the treatments he would receive would bring satisfactory results.

The asthma sufferer had been fooled so many times that he was still a little doubtful.

Patient — You seem so positive. I suppose you must have had a lot of experience with this ailment.

Doctor — Certainly have. (with great solemnity) I've had asthma myself for the past 13 years.

You can always tell an eight-year-old. But you usually have to tell him twice.

Soon after a matron obtained a cat from the Animal Shelter she telephoned back to say they would not keep it.

Matron — I'm awfully sorry. It's a dear, and we are fond of it, but the cat is a bird killer and we just can't have a bird killer. I'm sure my husband would be glad to make a contribution to the Shelter for your trouble in taking the cat back, but he is up north shooting ducks.

* * *

Catherine—How is your uncle's broken leg? All mended again?

Janet — Yes. The doctor certainly kept his promise. He said he would have my uncle walking again within a month.

Catherin—And he did it, eh?

Janet—Yes, he sent his bill and my uncle had to sell his car to get enough money to pay it.

During World War 2 a milk bottle fished out of the Pacific Ocean was found to contain a piece of watersoaked paper. But the writing on the paper was too faint to be deciphered. Clearly, it was a case for the FBI.

Various tests were made and various acids applied. At last, six words stood out in startling clearness. They were: "Two quarts of milk, no cream."

An old man at an evening function bowed his head and wept quietly but copiously while a young woman rendered the plaintive ballad, "My Old Kentucky Home."

The hostess tiptoes up to him and inquired tenderly:

Hostess—Pardon me, are you a Kentuckian?

Tearful One — Nay, madam. I'm a musician.

On their honeymoon, the couple stopped at a lakeside resort. They spent their first evening there out in the moonlight in a boat.

The following morning the bride's mother got a postcard which read:

"Arrived safely. Grand row after supper."

"My!" she muttered. "I didn't think they'd begin quarelling so soon."

It takes a mighty clever girl to hold a fellow at arm's length and still keep a grip on him.

* * *

Jim—I'm worried about something that has come over my wife.

Hal—What is it?

Jim—An expensive new dress that I didn't buy for her.

A father of the bride says all the expense was worth it, if only because it meant seeing his daughter in something besides blue jeans.

Engineers Told Cut in Budget Definite Risk

Buffalo, N. Y., June 6 (AP)—Secretary of the Army Wilbur M. Brucker says that proposed cuts in President Eisenhower's defense budget will knock this country off posture defensively.

Brucker told a meeting of the American Society of Civil Engineers here last night that proposed cuts in funds for research and development, for operations and maintenance, and for military personnel, would "unbalance our military posture."

"It's like cutting a man down by cutting off his trigger finger," he said.

Brucker said a cut of $8,000,000 from funds for research and development would "very seriously affect" the army's anti-missile program.

A cut of $150,000,000 from operation-maintenance funds, he said, would cost the army more than a full division of troops.

"We'll have to get rid of 20,000 civilian employes of the mechanical and artisan type," he said. "The places of those displaced civilians will be filled by 20,000 soldiers."

A cut of $36,000,000 in military personnel funds, he explained, would deprive the army of money needed to rotate draftees overseas.

He said that this meant "fellows overseas will have to stay there longer" than the average of 14 to 16 months now.

Brucker said the army, unlike the post office department, cannot curtail its services.

"The army can't take Saturday and Sunday off," he said.

The budget cuts, he warned, will "in the end, cost 10 times every dollar saved."

The five-day engineers' convention ends tomorrow.

Store Founder Dies

Scranton, Pa., June 6 (AP)—Dean H. Phipps, founder of the 60-store chain of Dean Phipps stores, died yesterday in Moses Taylor Hospital after a three months illness. Phipps, of Clarks Green, Pa., was 63. A native of Philadelphia, Phipps opened his first store in Stroudsburg in 1926. His second enterprise was in Newton, N. J. Other Pennsylvania stores and a sixth in Waverly, N. Y., were the start of the present tri-state chain.

Woodstock News

By RICHARD E. THIBAULT, JR.

Church Notices

Woodstock, June 6—Children's Day will be observed at Christ Lutheran Church at the 11 a. m. service. Miss Marilyn Wolven plans to play "For You I Am Praying," an arrangement by Peter Marshall from Ira Sankey. Miss Carol DeWitt will give Matthew 18:2-5 as a call to worship, followed by a prayer by Albert Holumzer, Jr. The Junior choir will sing "The Sunday Bells Are Ringing." The Misses Marilyn Wolven and Arlene Van Kleeck will read the scripture lesson, Luke 18:15-27. The Youth choir will sing, "I Would Be Like Jesus." The beginners group under the direction of Mrs. Donald Zimmerman and Mrs. Roger Jenkins will give a group of recitations and sing "A Little Lamp Is Shining." The Youth choir girls will sing "The Friendship of Jesus." The Rev. Mr. Sands will base his sermonette on Songs of Solomon 2:15—the theme being, "What Ailed the Clock?". The Junior choir will sing "The Lord Is Watching Over Me." The Offertory Hymn, "In the Garden", will be given by the boys of the Youth Choir.

Bulletins this month are being given by Miss Annette Dietz in memory of her mother and father.

Senior choir rehearsal will be held Thursday, June 13 at 8 p. m. at the church.

Beginners and primary children will rehearse Saturday at 10 a. m. and go to the parsonage afterwards for refreshments.

The first of a group of food sales for the benefit of Christ Lutheran Church will be held on the church lawn this Saturday at 10 a. m. under the general supervision of Miss Florence Pepper.

Miiss Susan Marx led the devotions at a meeting of the Luther League on Monday night in the John Wolven home. Mrs. Wolven played for group singing also. Richard Crist entertained with songs. The Misses Dorothea Tracey, Jean Orton and Miss Marx served refreshments. The next meeting will be toward the end of June at a date to be determined later at the parsonage with Pastor and Mrs. Sands in charge of recreation and refreshments. Miss Carol Ennist will assist Mrs. Sands with the devotions.

Miss Diane Self of East Schodack and J. Albert Timmers of Brookview were Sunday guests of the Rev. and Mrs. G. Oliver Sands.

B & M Rail Strike .. Off; Workers Back

Boston, June 6 (AP)—Boston & Maine Railroad trains rolled on schedule today after 500 Craft Union employers ended a 30-hour work stoppage which tied up passenger service for 25,000 daily commuters.

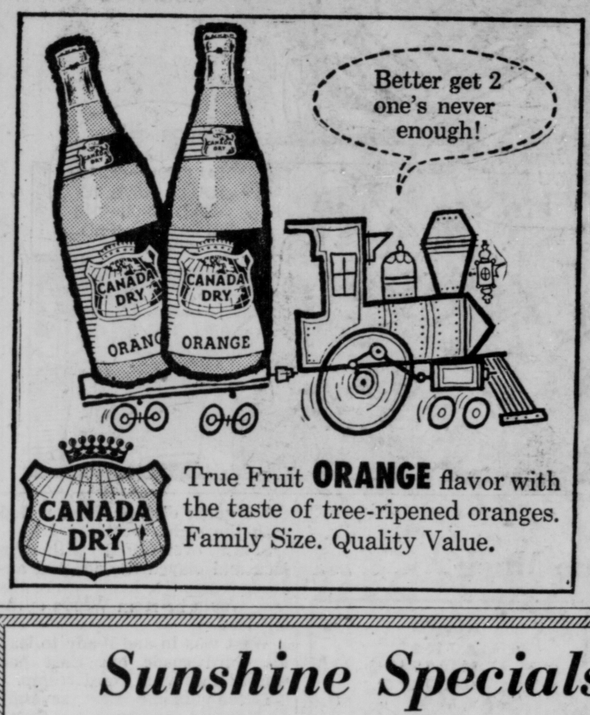

The men returned to work last night after management officials promised to consider their grievances and drop threatened legal action.

Resumption of B & M service saw a relaxation of congestion on highways leading from the suburbs to Boston as commuters turned to their cars or buses yesterday.

Even as the company announced all service was back to normal, the railroad was faced with a new strike action.

The Brotherhood of Railroad Trainmen served the strike notice because of "inability to reach an agreement with B & M management regarding certain rules changes."

Little Science Is Too Much

BY OSWALD JACOBY
Written for NEA Service

South bid his hand a little too scientifically. The moment his partner raised his opening spade bid he should have simply bid game in spades and ignored the slight possibility that a four-four fit in hearts might be discovered.

West took full advantage of South's science. He decided that East would hold three hearts and not more than two spades. West opened the ace of spades and continued the suit.

South won the second spade in dummy and saw exactly what was going to happen to him. West would get in with the king of hearts and give his partner a spade ruff.

South happened to have one more shot in his locker. He led a low diamond to his ace, returned a diamond to dummy's king and led the queen of diamonds.

East fell right into the trap. He didn't see what good his three little trumps were and he did see that South was trying to get a quick discard. East ruffed with the eight spot!

South over-ruffed with the jack and played the ace and another trump. He knew where the king would be from West's opening lead.

West was in and ready to lead his third spade but East had wasted that vital third trump.

I can't blame East severely and would rather give South credit for finding an ingenious way to counter against West's brilliant defense.

Refresher Course

Madison, Wis. (AP)—The ladies of the Wisconsin Farm Bureau have discovered that too many children think milk comes from bottles. They've announced a campaign to do something about it. The organization is distributing posters of a "Good Health Giant," who explains it really comes from cows. And besides the children who do the best coloring job on the posters will be eligible for prizes at county fairs next summer.

He'd Battle Wagner

New York, June 6 (AP)—Dean Alfange, who has sought political office on the Democratic, Liberal and American Labor party tickets, says he would accept the Republican nomination for mayor under certain conditions. In a statement yesterday, the 57-year-old Alfange, a lawyer, said he was willing to battle Democratic Mayor Robert F. Wagner in the fall election. Alfange was the American Labor party candidate for governor in 1942, later was a New Deal supporter, and returned to the Republican fold in 1948.

Japs Open Ogochi Dam

Tokyo, June 6 (AP)—An electric push button today opened the gates of Ogochi Dam which took 19 years, 60 million dollars and 82 lives to complete. The 447-foot high dam, capable of supplying water to 1,220,000 persons daily, is on the upper reaches of the Tamagawa river in the outskirts of Tokyo. Construction was started in November, 1938. Gov. Seiichi Yasui of Tokyo pushed the button from his office to start the flow of water into the 8-mile-long, 190-million-ton reservoir.

Husband Is Sought

Chester, Pa., June 6 (AP)—Police are searching today for the husband of a woman found killed in her nearly Ogden, Pa. home. Another man also is being sought. A 48-state alert has been issued for Earl William Persinger, 35-year-old husband of the dead woman, Mrs. Ina Persinger. Police said the search was started when it was learned Persinger has been missing from his East Eden home near Buffalo, N. Y., since May 20. Mrs. Persinger, 30, was found shot to death Monday.

Auriesville Shrine To Hear Noted Tenor

Christopher Lynch, the internationally celebrated Irish tenor, will sing the responses at high Mass at 4 o'clock in the afternoon Sunday, the Feast of Pentecost, at the Auriesville Shrine.

Mr. Lynch is best known as the "Voice of Firestone" and is hailed as the modern John McCormick to whom he attributes his technique in the development of his voice.

With Mr. Lynch at Auriesville will be the talented lyric soprano, Lorraine Moreau and the noted Slovak organist, Marienka Michna. They will assist Mr. Lynch in the sacred selections he will sing in the Coliseum.

All are invited to come to Auriesville for the Missa Cantata and attend the short concert that will follow. There will not be any admission charge of any kind.

Auriesville Shrine is on the New York Thruway at exits 27 and 28.

Soviet Poet Dies

Moscow, June 6 (AP) — The death of Soviet poet Vladimir Lugovskoi, who presided at the Longfellow anniversary celebrations Feb. 27, was announced today. Newspaper reports said the poet died suddenly Wednesday in Yalta while working on a new collection of poems, "Blue Spring," in honor of the 40th anniversary this year of the October revolution.

Wyoming, in 1869, was the first state to grant women the right to vote.

Young People Lack Interest: Minister

Buffalo, N. Y., June 6 (AP)—A district superintendent of the Genesee Conference of the Methodist Church says there is "an alarming lack of interest" in church work among young people between the ages of 15 to 23 in the church.

The Rev. John A. Redmond, superintendent of the Rochester district, told the conference yesterday that "the call to preach must be heard by scores of young men in our conference if we are to progress as we are expected to."

"Pastors would do well to re-examine the effect of the junior church," he said. "If children are sent out of church, or otherwise made to feel they are not wanted, before the age of 11, we need not worry about them after that age—they won't be there."

The Rev. Mr. Redmond, in his report of district superintendents, also declared that "church attendance probably is reaching new high levels." "But let us not be content," he added, "there still are hundreds of empty pews in every district of our conference."

Career Girls

Ann Arbor, Mich. (AP)—Most teen-age girls look forward to both a career and marriage, but they don't want to become housewives. The University of Michigan Survey Research Center reached this conclusion after interviewing 1,925 girls aged 11 to 19 in 66 counties of the United States. The survey was made at the request of the Girl Scouts. Only three per cent said they want to be housewives, although 94 per cent hope to be married "some day." Some 80 per cent of the girls said they want to be like their mothers when they grow up.

Extortion Threat Bared by Yank; Barricades Home

Kamakura, Japan, June 6 (AP)—An American has hidden his two small sons with friends and erected a barbed wire barricade to protect the rest of his family from extortionists he says threatened to cut his children "into little pieces."

Douglas F. Scott of Los Angeles, former child movie actor and now a civilian employe at the U. S. Navy base at Yokosuka, said in a public appeal for police protection today that the extortionists are demanding 3,120,000 yen—$8,350.

Navy investigators and Japanese police in this resort town adjoining Yokosuka said they have been trying without success to track down the culprits since Scott reported a threatening phone call to his Honolulu-born Japanese wife May 27.

Scott, 33, said he appealed to the Japanese police for protection as soon as the threats began but that no guard has been posted at the home he rents here. The Japanese police call at the house hourly.

Family Stays Indoors

His two sons have been living with relatives of his wife for the past several days. They are 3 and 2 years old. Mr. and Mrs. Scott and their two daughters—Marie, 5, and Cary Lee, 1—remain in the barricaded home. Scott goes to his office at the naval base but the other members of the family stay indoors as much as possible.

Scott said he does not keep a gun for protection because I'm afraid to defend my family after the Reynolds case in Formosa and the Girard case in Japan."

"We haven't been able to sleep since the telephone rang almost two weeks ago," said his distraught wife, Midori, 31.

Coordinated

tee briefly outlined the possibilities and requirements of a cooperative promotional program. David Fletcher spoke about the importance of taking an active interest in legislative matters affecting retailers. Augustus Foerschler spoke on the need for further improving customer relations and Miss Marion Clarke spoke on the participation of women. Stuart Randall covered the need for adequate financing and Stanley London spoke about possible promotion activities and institutional-type advertising.

Following the distribution of a mimeographed proposal for the organization of a retail merchant's council, chairman Wonderly announced that "no effort will be made to make a decision tonight." After ample time has elapsed for the various businessmen's associations and individuals to give the proposal consideration, this plan or any plan should be established to promote the advantages of Kingston as a trading center.

Copies of the proposal to form a retail merchant's council are available at the Chamber of Commerce office.

After a very interesting discussion period during which several suggestions were made, it was decided to have another retailer's mass meeting on July 10.

Information

proposed Junior - Senior high school will be placed on display in public meeting places and stores throughout the central district. A printed brochure outlining the complete building program, cost of construction and other data is in the hands of the printer and will be distributed as soon as received. A request will be made of newspapers to publish, at a later date, picture of the proposed Junior-Senior high school, along with additional information for the enlightenment of the residents of the district.

The board of education urges all residents to avail themselves of the opportunities to become thoroughly and accurately informed regarding the building program of the district and the need for the $2,900,000 bond issue. Board members believe that the play they have proposed will lead to the best educational program for all students of the district, and that the students of the district are entitled to and the residents of the area want the best educational program and facilities that are available.

All qualified voters will have an opportunity June 26, from 2 to 9 p. m. to cast their ballot on the proposed bond issue in the amount of $2,900,000.

Destructive

Mistletie is bad for a tree because it fastens itself upon the tree, penetrates its tissues and draws nourishment from it, deforming it and sapping its vitality.

Petition Filed

the performance of official duties.

The lawyers said American military authorities have certified that the death of the Japanese woman resulted while Girard was in the performance of official duty.

They contend other cases in which jurisdiction has been given to foreign courts grew out of actions while off duty.

Carroll, a 53-year-old former air force major, is a volunteer in the case. He had participated in defense of other soldiers accused abroad.

In Japan, the army said Girard had selected Japanese Attorney Itsuro Hayashi as his chief lawyer and had asked Maj. Stanley F. Levin, of Hollywood, Calif., to serve as his personal legal adviser.

CITY OF KINGSTON, N. Y., THURSDAY EVENING, JUNE 6, 1957 TWENTY-ONE

Dr. G. W. Young, Kingston Native, Has New Charge

The Rev. Dr. Glenn W. Young, who for the past 12 years has been pastor of the First Reformed Church, Hackensack, N. J., has accepted a call as associated minister at the Union Congregational Church of Upper Montclair.

Dr. Young, a native Kingstonian, nephew of Walter J. Weeks of 15 Josephine avenue is a graduate of Kingston High School. While here he attended the Fair Street Reformed Church.

Following his graduation from Syracuse University, Dr. Young attended Union Theological Seminary. Before taking up his pastorate at the Hackensack church, he was pastor for a five-year period at Jay Gould Memorial Reformed in Roxbury and previously served two years as assistant pastor and director of religious education at the Middle Collegiate Church in New York city.

To Start in September

Dr. Young will assume his new post in September. He will preach at one of two morning services and direct the church's program of religious education. He also will share in running a projected layman's seminary. He will be associated with the Rev. Paul W. Yinker, a classmate at Union Theological Seminary.

While pastor of the Hackensack church, Dr. Young organized the Council of Churches and served as its president. He has supervised the activities of the Hackensack Christian Community Church, the First Reformed Church's Italian mission in Hackensack and has been active on the Salvation Army Board, the Community Chest and in the Red Cross Chapter.

Two Freighters Ordered

Detroit, June 6 (AP)—Two giant ore carriers, the largest ever to sail the Great Lakes, are on order in Detroit. The Great Lakes Engineering Works announced yesterday it has received an order from Bethlehem Steel Corp. to build a 729-foot freighter. The firm also is building a similar-sized carrier for Northwestern Mutal Life Insurance Co. The largest freighter on the lakes currently is the 716-foot Cliff's Victory, launched several years ago.

Socialist Tries Hand in Forming French Cabinet

Paris, June 6 (AP) — Another prospective French premier, Maurice Bourges-Maunoury, began consultations with other parliamentary leaders today about his chances of forming a new government.

Bourges-Maunoury, 42-year-old radical Socialist and defense minister in Socialist Premier Guy Mollet's outgoing government, took on the task after Pierre Pflimlin failed to rally sufficient support among France's diverse political parties.

Confers With Mollet

The new candidate's first step was to confer with Mollet in a bid for Socialist cooperation.

Bourges-Maunoury also lined up appointments with other leaders of Parliament and chairmen of the various parties—excluding the Communists and the extreme right-wing Poujadists.

Mollet and his cabinet, including Bourges-Maunoury, resigned 16 days ago when the conservative independent Republicans defeated Mollet's demand for higher taxes in a parliamentary vote of confidence. The lame duck ministers are staying on in a caretaker capacity.

As a member of Mollet's coalition, Bourges-Maunoury probably can count on Socialist backing. But if he adopts Mollet's plan to increase taxes — most pressing need of the near bankrupt French government — he also may run afoul of the conservatives.

Landowner's Body May Be in Mine

Canton, Ill., June 6 (AP)—The revived search for Fay Rawley, a wealthy landowner who vanished 3½ years ago, was focused today on Strip Mine property.

Sheriff Virgil Ball said Rawley's car, and possibly Rawley's body may be buried there.

The search was concentrated on worked over Strip Mine land of the Key Coal Co. Rawley lived on the edge of Summum near the coal company's property.

The sheriff said two University of Illinois technicians, Dr. Robert Bergstrom and Robert Clark, have just completed a survey of Strip Mine land with a magnetometer. He said the instrument indicates metal is buried in the ground, and mine officials know of no metal below the surface.

More than 35,000,000 employed Americans take a coffee break daily.

Even Princess Has Aching Foot

London, June 6 (AP) — Not since Adlai Stevenson got caught with a hole in his sole has a foot been such news.

Princess Margaret was photographed yesterday easing her foot out of a tight shoe at the Epsom Derby. This morning every London newspaper except the Communist Daily Worker and the staid Times published the picture with rapt comment.

In five of the six other papers Meg's tootsy made page one.

The queen's sister was standing at the paddock rail with Lord Porchester when an alert photographer spotted her aching right foot emerging from a snug white pump.

"Oh, they're killing me!" was the slightly irreverent caption in the Daily Sketch.

"Oh, my poor feet!" was the version in both the Daily Mirror (pro-Labor) and Daily Mail (Conservative).

Cypriot to Die

Nicosia, June 6 (AP)—Greek Cypriot Michael Rossides today was sentenced to die for murdering a British soldier he had befriended. The soldier, Pvt. Ronald Shilton, was kidnaped by the EOKA underground. Rossides admitted killing the soldier but claimed other EOKA members threatened him: "Either you shoot Shilton, or we shoot you."

Scout Roundtable Scheduled June 10

The June roundtable meeting of the Kingston District Boy Scouts of America, will be held one week earlier, on Monday, June 10, at 7:45 p. m. at the Jewish Community Center, 263 Wall street.

All adult scout leaders, including den mothers and unit committeemen, are requested to attend. Leaders are requested to wear uniforms.

Discussion groups for Cub, Scout, and Explorer units will be held, together with a general meeting concerning reports of the Kingston District.

Arizona Woman Teacher of Year

Asheville, N. C., June 6 (AP)—Mrs. Ellie Lee Kahl of Phoenix, Ariz., who speaks 11 languages and is a registered nurse, was named "Teacher of the Year" today by the General Federation of Women's Clubs.

Mrs. Kahl was picked from among top teachers entered by women's clubs in 28 states.

She is the first winner in the federation's new "Oscar for Teachers" program to honor the nation's teachers in much the same way Hollywood honors the movie stars.

Wins Citation, Trip

Mrs. Kahl wins a citation and a flying trip to the Scandinavian countries.

Mrs. John L. Whitehurst of Baltimore, Md., chairman of the federation's department of education, who organized the award, said Mrs. Kahl "has for many years given herself to others."

She has taught in high schools and colleges, engaged in nursing, tutored the bedridden and conducts a free summer school.

The subjects she has taught range from French and Latin to chemistry and physics.

Currently teaching in Scottsdale (Ariz.) High School, Mrs. Kahl is secretary-treasurer of the Teachers' Assn. in Phoenix.

Weekly Food Review

(By The Associated Press)

Variety is the key word in the meat specials advertised by many supermarkets and neighborhood grocery stores this week.

Generally higher prices for beef and pork—from 4 to 6 cents for the former and as much as 11 cents for the latter—have cut down the number of stores featuring these old standbys. In their places, supermarket and grocery counters will offer assorted cuts of veal, lamb and ham, plus several varieties of poultry.

Lamb Going Up

Veal and lamb prices are reported just about unchanged this week, but sharp rises in wholesale prices for lambs probably will mean higher prices for the housewife eventually. Wholesale prices for hogs were up sharply this week, too, touching two-year highs.

Chicken might account for a bigger share of the market, except that prices for fryers are up in some areas by 4 to 8 cents a pound. Broilers, fryers, roasting chickens and stewing chickens all will be featured.

Lower price tags on lettuce and cabbage may help the housewife to compensate for higher meat prices, even if it also means more coleslaw and salads for the rest of the family.

Romaine and Boston varieties of lettuce are included in the outstanding buy category among vegetables this week, while iceberg lettuce from eastern patches and new cabbage from Virginia and New Jersey fields are rated as good buys.

Also on the outstanding list are radishes from nearby fields, green onions, spinach, Maine storage potatoes and new yellow and green squashes from southern growing areas.

Other good buys are bunched beets where they're available from nearby fields, green beans, new white potatoes from California and South Carolina, Jersey asparagus, western topped carrots and Florida sweet corn. An indicator of corn's improving price position; buyers could get 4 ears for 29 cents in the New York area last week, 5 ears for the same price this week.

Top Fruit Market

A bumper crop of rhubarb from eastern growing areas is keeping the long-stemmed item on the outstanding buy among the fruits. Good buys may be had among grapefruit, watermelons and Valencia oranges from Florida, as well as lemons and naval and Valencia oranges grown in California. Also on the good buy list are mengoes, an unfamiliar item to some shoppers. These look somewhat like a large anjou pear with a blush on it and have a distinctive flavor.

Cattle Club Officers

Columbus, Ohio, June 6 (AP)—Charles S. Kelly of Hudson, Wis. has been re-elected to a one-year term as president of the American Jersey Cattle Club. The club, at the closing session of its 89th annual four-day convention here, also elected Wyatt A. Williams, Orange, Va., as director-at-large, and Clyde S. Robison, Coal Center, Pa.; James E. Berry, Ottawa, Kan.; and Capt. T. J. Bay, Lynden, Wash., as regional directors. Earlier, John R. Sibley of the Sibley Farms, Spencer, Mass., won an award as master breeder of the year, and R. C. Calloway of Baton Rouge, La., received the 1957 distinguished service award.

Red Danger Still Lurks, Say Those Defending Budget

Boston, June 6 (AP)—Defense Secretary Wilson says he is "astonished" at the change in attitude of some economy-minded critics of the budget who "suddenly down-grade the dangers that we as a nation still face."

Wilson told more than 2,000 Republican party workers last night that he is "against anyone going after our budget with a meat axe."

He said: "Now we are facing a so-called economy drive that may result in damage to our security. It is a serious matter, and without question the security of our country should be above and beyond partisan politics."

"Some people," Wilson said, "seem to take for granted the protection provided by our armed forces and at the same time to suddenly down-grade the dangers that we as a nation still face. I'm astonished by the change in point of view this year as compared to last year.

"Hopes alone cannot safely be the basis for reducing the budget. Nothing could be more pleasing to our potential enemies than a rapid decrease in our military strength at this time and nothing could be more dangerous to our future as well as that of the entire free world."

Important to U. S.

Wilson said: "There is nothing more important to our country and the free world today than to maintain an adequate defense against the threat of international communism until this threat has lessened."

Ambassador to the United Nations Henry Cabot Lodge urged his hearers to think of foreign economic aid not as charity but as "a measure of enlightened American self-interest."

"The whole aim of our foreign policy," he said, "is to wage peace as energetically today as in 1941-45 we waged war . . ." If we fail and war comes, "the taxes we would then have to support would be astronomical. But they would look like nothing when compared with the loss of property — and the loss of property would look small indeed when compared with the loss of life.

"That's scale in which you want to judge this thing."

Can't Abandon Program

Sen. Saltonsall (R-Mass.) said "meat axe" cuts in the budget "serve no purpose." The country, he said, cannot abandon the Eisenhower program "which so many believe is in the best interests of all our people."

President Eisenhower sent the meeting a telegram saluting the GOP workers for "helping the Republican party reach new heights of service on behalf of the people."

Will Continue Tour

Kansas City, June 6 (AP)—Undaunted by a crackup of their plane, Elliott and Franklin D. Roosevelt Jr., planned to continue an aerial cattle-buying tour today. Elliott said his eldest son, Bill Roosevelt, would fly here from Denver in another plane and pick them up. They planned to stop to see some cattle at Larnde, Kan., on the way to Denver. The sons of the late President and two other men escaped injury yesterday at Fort Scott, Kan., when Elliott's plane hit mud on a takeoff and skidded through a fence into some brush across the road. A Fort Scott pilot estimated the damage at $10,000.

Pavlovich-Kraljevich Wedding Is Held In St. Mary's Church, Cementon June 1

Miss Helen Pavlovich, daughter of Nicholas Pavlovich and the late Mrs. Pavlovich of Cementon, was united in marriage to Peter Kraljevich, son of Mr. and Mrs. Michael Kraljevich of West New York, N. J., in St. Mary's Church, Cementon, Saturday, June 1.

Celebrant of the Nuptial Mass at 11 a. m., was the Rev. Philip Zingarelli, pastor of St. Mary's Church.

The bride, given in marriage by her father, was attired in a full-length gown of off-white nylon net over taffeta. The tight-fitting bodice was designed with a shirred sweetheart neckline and included a choker of pearls. The full skirt accented a bustle effect at the side and a large taffeta bow hung in streamers the full length of the skirt in the back. The skirt terminated in a cathedral train. Her headpiece consisted of a shirred French illusion cap trimmed with iridescents and seed pearls and supported a voluminous illusion veil. She carried a white prayer book with orchid adornment.

Maid of honor for her sister, Miss Barbara Pavlovich of Cementon and the bridesmaids including another sister, Miss Carol Pavlovich, Miss Margaret Misetich and Miss Mary Ostoyich, all of Cementon and Miss Roberta Carle of Malden-on-Hudson, were attired in alike gowns of pale blue organdy, full length with matching halos and circular veils.

The maid of honor carried a cascade of red roses and the other attendants carried pink roses.

Brother of the bridegroom, John Kralovich of West New York, N. J., served as best man. The ushers included John Nickolich of Cementon and John Nollet of Saugerties.

Following the ceremony a reception for 200 guests was held at the Capri in Port Ewen.

Upon their return from the wedding journey to Florida, the newlyweds will make their home at West New York, N. J.

The bride, who has appeared on several occasions as a model for the Hill'n Vale Fashion shows, is a graduate of Catskill High School, class of 1953. She had been employed at IBM, Kingston.

The bridegroom attended school in New Jersey and is employed as an estimator for the King Insulating Co.

Janice Pritchet Weds William Stoneman

Miss Janice Pritchet, daughter of Mr. and Mrs. Arthur A. Pritchet of New Paltz, became the bride of William Stoneman, son of Mr. and Mrs. Frank Stoneman of New Paltz, Friday, May 31, at 8 p. m. in the New Paltz Methodist Church.

Officiating was the Rev. Willet Porter, pastor.

Mrs. Eugene Trautwein was at the organ.

White snapdragons and gladioli decorated the church for the occasion.

Given in marriage by her father, the bride wore a blue and white chiffon print in cocktail length, blue halo hat with flirtation veil and carried a bride's bouquet of white lilies-of-the-valley and roses.

Attendant for the bride was Mrs. Patricia Pole of New Paltz, who wore a blue and white sheath and carried a bouquet of pink roses.

Roland Fuller was the best man and the bride's twin brothers, Allan and David, ushered.

The bride is a graduate of New Paltz High School and is now a student at State Teachers College, New Paltz.

The bridegroom, a graduate of Cobleskill Technical Institute, is employed by IBM in the automation technician program.

CYO CONTEST WINNERS—Carol Cooke and Albert Gruner, students at St. Joseph's School, receive plaque from Msgr. Harold Engel, archdiocesan Catholic Youth Organization director, as winners of a recent religious quiz on the Mass, sponsored by the CYO. Observing presentation is the Rev. James V. Keating, assistant pastor of St. Joseph's. The two local students topped teams from the 393 parishes of the archdiocese which competed in various elimination trials.

AUXILIARY AIDS BUILDING FUND—Sister M. Berenice, administrator of Benedictine Hospital, accepts a check from Mrs. Jay O'Neil, treasurer of Benedictine Hospital, while Mrs. Edward Dolan, president of the auxiliary looks on. The check represents a partial payment on the auxiliary's pledge of $30,000 to the building fund for the new nurses' school and residence. The amount represents proceeds of the spring dance and income from the baby photo service and sales cart. (Freeman photo)

Surgeon Named New AMA Head

New York, June 6 (AP)—Dr. Gunnar Gundersen, 60, of La Crosse, Wis., was named today president-elect of the American Medical Assn.

The veteran surgeon was chosen by the AMA house of delegates and will take office next June when the annual convention is held in San Francisco. He will be the Association's 112th president.

Dr. Gundersen will succeed Dr. David B. Allman, of Atlantic City, N. J., who started his presidential year this week.

The Wisconsin doctor began private medical practice with his father in 1922, and now operates the Gundersen clinic with three physician brothers, Sigurd B., Alf H. and Thorolf E. Gundersen.

D-Day 13 Years Ago

New York, June 6 (AP)—This was D-Day just 13 years ago.

The long-awaited mass invasion of Hitler's fortress Europe across the English Channel started precisely at 6:30 a. m. Greenwich time, as the first allied troops stormed ashore on the beaches of Normandy from LST's and 1,000 planes dropped paratroopers from the skies.

There were 1,400 American and 1,000 British bombers in the assault along a 60-mile front. The available landpower was 2,876,439 men in 20 U. S. divisions, 14 English, 3 Canadian, 1 French and 1 Polish. Facing them were 65 German divisions, entrenched all the way to Berlin.

The final results of D-Day were achieved 11 months and 2 days later with German capitulation at 5:01 a. m., May 8.

No Turner Concussion

Miami Beach, Fla., June 6 (AP)—Gil Turner, who emerged victorious from last night's fight with Yama Bahama with a huge "blood swelling" on his forehead, was released from a hospital today after examination indicated he did not suffer a brain concussion. Dr. Joseph Kaplan, Miami Beach Boxing Commission doctor, said Turner "spent a restful night" and "seems to be all right." He added, however, that he had advised Turner to see a doctor when he returns to Philadelphia. He said such an injury "ought to be watched for a few days, just to be on the safe side."

separate interview he remains firmly convinced that the budget ought to be cut. He said he expects "quite a bit of discusssion" of the matter at the Republican National Conference sessions.

Sen. Bridges (R.-N.H.), chairman of the Senate GOP Policy Committee, said he agrees with Eisenhower that the budget would have been even higher if the Democrats controlled the White House.

10-1 for Slashes

But he said his mail still is running 10-1 in favor of reductions in Eisenhower's spending program.

The conference of Republicans will talk over party finances, administration policies and strategy for the 1958 congressional campaign. Eisenhower will address the group at its closing session tomorrow afternoon.

The meeting, sponsored by the GOP National Committee and the party's Senate and House Campaign Committees, will sum up the results of six regional party conferences at which Eisenhower's budget came in for much criticism.

Babe Ruth League Launches First Season Monday at Stadium

Twaalfskill fans are hailing a new, young pheenom in 13-year-old Ronnie Riggins, who recently carded a 35. The opposition was first class, too. Club champion George Hughes.

Ted Bruhn, one of the two Bruhn brothers on the Kingston High School golf varsity, is only 13 and has three years left to play. Few area clubs are developing young talent as rapidly as Twaalfskill where pro Alex Gerlak takes great pride in his kids.

• We Pick the Kids:

The boys in the Twaalfskill locker room were making book, mentally, of course, on a proposed match between Mike and Ted Bruhn and Fritz Bruhn (father) and Judge Louis G. Bruhn (uncle). Sentiment appeared to be equally divided but, if the match ever materializes, we're picking the kids in a three-point match . . . if Fritz doesn't threaten to take away the kids' allowances and uncle Louis doesn't threaten to withhold the Christmas presents. . . . Hottest golfer at Woodstock Country Club at the moment is Allen Waterous, the troubador of the fairways, who will make a strong pitch for the Herdegen Memorial crown this month. . . . Wiltwyck Country Club's old line rooters have "The Champ" back this year and they're solidly behind Leon Randall as No. 1 favorite for the Herdegen. Leon is touring Wiltwyck in fine style and could gain a hefty advantage on opening day. One thing is certain . . . the 1957 Herdegen field is the strongest in history.

• The Nineteenth Hole:

J. W. Johnson, golf chairman, reports that Twaalfskill has switched its Member-Guest from June 22 to July 29. . . . Clarence (Dubby) Raichle, former county champion, is the new handicap chairman at Twaalfskill and promises to keep three sets of the books: 1. basic handicap (based on last 50 rounds); 2. current handicap (based on last 30 days); 3. handicaps-they-should-have. . . . Our tip to the handicap committee chairman: enlist the services of the bartender. He hears more about good scores and less about bad ones than any handicap chairmen who ever lived. . . . Don't forget National Golf Day this Saturday. All county golf courses will participate. Woodstock CC observes National Golf Day Saturday and has a mixed 2-ball foursome Sunday. . . . President's Cup competition for 36 holes with full handicap starts this weekend at Wiltwyck. . . . Twaalfskill has NGD Saturday and winds up President's Cup on June 16. . . . The sixth golf course in Hollywood-by-the-Sea, Florida's golfingest city, will present a challenge to duffer and professional alike, according to Dr. Cary Middlecoff, pro at the new Diplomat Country Club now being constructed on Hollywood's South Beach. When ready for play in December, the Diplomat will be one of the nation's most beautiful links and one of the most expensive anywhere. Cost of filling and draining the 205-acre mangrove swamp on which the course is being constructed will exceed $1,500,000. The $20 million resort development will include the 327-room Diplomat hotel, a motel and the 6703-yard course.

• Murray Olderman on Golf:

"You got troubles? Think of the demoiselles of the Ladies' PGA and what they're up against when they tee off for the National Open at Winged Foot in late June . . . by-laws say they have to be togged in skirts . . . after sporting shorts all spring. "And I've been warning them," says flying golf gal Gloria Armstrong (with 500 solo hours), "that skirt flap will drive them crazy when they pivot to swing if they don't get used to it. . . . Red-haired Patty Berg, greatest living woman golfer, introduces red-haired Wiffi Smith, "This is my daughter. Which of us has the most freckles?" . . . Marlene Bauer Hagge has lived in South Dakota, Florida, California and Texas, among other places . . . and has mastered the speech native to each area . . . "including a veddy, veddy British accent when I'm in Palm Beach." . . . but she still can't get the hang of a Boston dialect. In other words no roast beef sandwich on a haaaaad role.

Short clinic: Ben Hogan, discussing golf: "I have always contended golf is one game and putting another. One game is played in the air, the other is played on the ground."

CYO Met Baseball Opens Sunday

CYO Met Baseball League gets underway Sunday with three games.

St. Peter's faces St. Mary's at Block Park; Presentation opposes Immaculate Conception at Hasbrouck and St. Joseph's takes on Rosendale at Dietz Stadium in openers.

Schedule runs every Sunday through July 7. July 14 has been set aside for postponements.

League embraces boys who will not reach their 19th birthday by July 1 of this year.

League Divided Into Two Groups Of Four Teams

Playoff Series To Determine Champ

Babe Ruth League of Kingston has split in two divisions and will launch its first season of play Monday, June 10, at 6 p. m. at Dietz Stadium.

The two divisions of four teams each will be known as the American and National and will play a conference-type schedule.

Opening game pairs the American Legion and the Kingston Patrolmen's Association.

Teams making up the American division are the American Legion, Kiwanis, Kingston Patrolman's Association and the Rotary.

The National division includes Veterans of Foreign Wars, Knights of Columbus, Volunteer Firemen and Elks Lodge.

Recommended by BRL

The split league is in accordance with recommendations of the national Babe Ruth League organization at Trenton, league president James Gilpatric said.

Opening day ceremonies will be held to a minimum, Gilpatric said. Mayor Fred Stang will throw out the first ball to get the season under way.

The Babe Ruth circuit will play four games weekly. Single games are scheduled Monday and Tuesday at 6 p. m. A twi-night doubleheader will be played every Wednesday with games at 6 p. m. and 8:45 p. m.

According to the conference schedule, each team will play the other twice in the same division and once against all four teams in the other division. This gives each team a total of 10 games.

Winners of the two divisions will play series for the league championship at the conclusion of the regular season. The BR loop is also eligible for regional, state and national tournaments.

Gruner Heads Umpires

Coach Al Gruner of the Kingston High School varsity baseball team has been named umpire-in-chief and will be responsible for the selection and assignment of officials.

The schedule for June:

June 10—Legion vs. KPA.
June 11—Vols vs. Elks.
June 12—Kiwanis vs. Rotary, 6 p. m.
June 12—VFW vs. Knights, 8:45 p. m.

Turner Defeats Yama Bahama

Miami Beach, Fla., June 6 (AP)—A "blood swelling" on the forehead put Gil Turner in a hospital last night after the busy Philadelphia battler beat out a split decision over Yama Bahama in a 10-round television fight.

Dr. Samuel Kaplan, physician for the Miami Beach Boxing Commission, said Turner had a blood blister "the size of an half an apple." On the chance Turner might have suffered a concussion, Kaplan ordered him into a hospital.

Turner's manager, George Katz, said Turner suffered great pain from the fourth round until the end of the fight.

Katz claimed only a butt could cause the injury but Kaplan said a punch could have done it. Bahama said he didn't believe he butted Turner.

There were loud boos from the crowd of 2,068 over the decision. Judge Gus Jacobson voted for Turner 96-95 and referee Cy Gottfried gave Turner a 97-96 edge. Judge Stu Winston gave Bahama 97-94 margin.

Ford Tees Off

Akron, Ohio, June 6 (AP)—Doug Ford and Arnold Palmer, top money makers this year on the professional golf circuit, tee off with 130 other golfers here today in the opening round of the $22,000 Rubber City Open tournament. The four-day medal test will be played over the 6,620-yard Firestone Country Club course.

Veteran Catcher Will Succeed Jack Rivenbergh

Saugerties Dutchmen last night named Joe Benjamin, veteran catcher and village baseball personality, successor to Jack Rivenbergh as manager of the New York-New Jersey Baseball League entry.

Benjamin was named unanimously by team members and officials following a practice session last evening at Cantine Field.

Rivenbergh resigned after the Memorial Day contest with New York because of ill health. He recently underwent an operation and said he did not feel up to the rigorous duties of manager.

The veteran Benjamin, a popular figure for many years, assumes active confrol of the team Sunday when the Dutchmen entertain the Nyack Welders.

Wide Experience

He earned a wide reputation as manager of the Saugerties Whiz Kids a few years ago and caught for the Saugerties A. C. for several seasons. Locally, he played with championship teams for Jones Dairy and the undefeated Governor Clinton Market aggregation in the City League.

Benjamin also served as scout for the New York Giants in this area and has been active in small fry baseball in Saugerties. He manages the Phillies of the Little League and is a director in the farm system.

Club president, Henry York, in making the announcement today, praised Rivenbergh for his services to the club and said his resignation had been accepted with regret.

York pointed out that Benjamin was a unanimous choice of the players as Rivenbergh's successor and expressed confidence Benjamin would do a good job.

'Mighty Midgets' At Rhinebeck Saturday Night

The 'mighty midgets' of the Midget Auto Racing Club return to Rhinebeck Speedway Saturday night.

Also on tap will be a separate program of stock car racing. The card gets underway at 8:30.

Drivers will be vieing for the front row starting spot in the national midget championship set for Rhinebeck July 13. Pole winners for the big race is King Carpenter of Hartford, Conn., who won the inaugural race at Rhinebeck last month.

Carpenter to Drive Again

Carpenter will be driving another car in an attempt to qualify for the front row again, thus assuring himself an alternate starting position in case of unforseen mechanical failure. He will be chauffeuring a Carlheim cycle powered car which is the first of its type to appear at Rhinebeck.

Expected opposition for Carpenter will come from George Flemke of New Britain, Conn., Barney Davis of Springfield, Mass., Bob Hart of Albany and many others.

The stocks are slated to run a five-event program capped by a 30-lap feature.

Natale Stars

EK Yanks Score, 8-0

A first inning single by Joe Palumbo robbed Paul Natale, Yankee pitcher in the Glasco-East Kingston Little League of a no-hit, no-run game Wednesday.

Natale slammed the door against the Giants after that two-out single, struck out 11 and walked four as the Yankees racked up an 8-0 victory.

Louis Spada led an 11-hit assault on Ralph Marrelli, who whiffed 10, with a homer and two singles for a perfect "3 for 3" performance. Fred Francello matched it with three singles and Natale smashed a single and double. Camillius Sasso hit a double.

Senior Golfers In Final Rounds

Rye, June 6 (AP)—The final two days of the 53rd Seniors Golf Assn. championship got under way today at Apawamis Club, with more than 170 golfers attempting to better the final 36-hole score of defending champion Franklin G. (Fritz) Clement of Lake Forst, Ill.

Clement shot his second successive 73 yesterday for a total of 146 to lead the first group of 190 golfers who have completed play. Last year the 57-year-old Chicago stockbroker won with a 144, par for the 36 holes.

John W. Roberts of Columbus, Ohio, who fired a 71 on the first day, soared to 77 yesterday for a 148 total.

Edith Heckeroth-Alice Marr Capture Woodstock Tourney

The women's publicity chairman at the Woodstock Country Club wrote her own story in the opening Ladies Day event of the season.

Mrs. Edith Heckeroth teamed with Mrs. Alice Marr to post low gross of 140 in the Mystery tournament of the day. A blind draw established teams after the day's competition.

Runnersup were Kathleen Elwyn and Anne Long with 156. Louise Fitzsimmons and Inger Walker paired for 164 to tie with Helen Dendy, golf chairman and Myrtle Zimmer. Mrs. Frederick P. Platt and Marguerite Cantine posted 185 in the 18-hole event.

Mrs. Kathleen Elwyn, hitting the comeback trail, posted low gross of the day with 88. Her 19 handicap gave her net 67. Alice Marr carded 99-32-67 for low net.

One of the outstanding features of the tournament was a 35-foot putt by Mrs. Marguerite Cantine on the sixth green.

The club has announced a 9-hole tournament for women on each Ladies Day for the remainder of the season.

Little League Changes Format For World Series

Williamsport, Pa., June 6 (AP)—Little League Baseball Inc. has announced the first major revision in the 10-year history of its World Series play.

The annual four-day summer World Series will be condensed to three days with the field of eight finalists cut to four.

Instead of eight districts qualifying entries for the Williamsport playoff, four separate regional tournaments will be held.

Sites for the regional playoffs will be New York city for the East, Louisville for the South, Chicago for the North, and San Francisco for the West. Dates were not announced. Only winners in these regionals will make the trip to Williamsport, birthplace of organized baseball for 8-12 year-olds.

The World Series will start Wednesday, Aug. 21 and end Friday, Aug. 23.

They Also Ran

The Boston Red Sox have finished fourth in the American League four straight years.

Shannon's Take Over City Softball Lead

Defeat Prospects For 4 and 1 Record

Eddie Shannon's softball tossers are out in front by themselves in the City Softball League.

The Shannonos knocked off Prospect Dairy, 5 to 3, yesterday while Chez Emile and Miron Lumber, previously tied with the Grills, went down to defeat.

Lindsey limited the Prospects to three hits to gain the decision over Joe Venuti, who gave up six hits. Ward of the Shannons and Bob Slover of Prospects slapped two hits each. The win was the fourth in five games for the Shannons.

Hilltop snapped a five-game losing streak to upend Miron's, 10-4, behind Bib Tom Carpino's effective eight hitter. He helped his own cause with three singles in four trips. Orlando Felipe also aided with a double and two singles and F. Leirey tripled. E. Wilson picked up half of the Miron safeties with four singles in four at bats.

Subways Top Chezzies

An old adversary, Subway Grill, nosed out Chez Emile, 13-11, in a free-swinging slugfest marked by 35 hits, including seven home runs.

Bud Scheffel and Joe Fautz clouted two homers apiece. Tom Morrissey, Lee Barringer and Tommy Maines accounted for the others. Al Hunt, the winning pitcher who survived a six-run rally by Chez Emile in the last of the seventh, stroked four hits for Subways. Fautz, Tony Musto, Barringer and Bob Schatzel hit safely three times for Subways. Bud Scheffel rapped a triple and two singles for Chez Emile.

Pat and Georges moved into second place with a neat 8-1 victory over Wimpy's Grill on Frank Coulard's three-hitter. It was their fourth victory in six games.

Tom Murphy paced the P&G batters with a double and two singles in four trips.

Extra Innings Vogue in NY-Penn

(By The Associated Press)

This seems to be the week of the long game in the New York-Pennsylvania Baseball League.

The Corning Red Sox turned the tables on the Falcons in Jamestown last night, 6-4, in a comparatively short 12 innings. Compared, that is, to the 17-inning games played the night before in which Jamestown won 2-1.

At Elmira, Hornell required 11 innings to triumph over the Pioneers, 6-5, and to end a six-game losing streak.

In other games, the Wellsville Braves trounced the visiting Batavia Indians, 14-1, and the Sailors took both ends of a double header from Olean at Erie, winning the first 6-5, and the second, 10-9.

First Division Teams Win in EL

(By The Associated Press)

The Eastern League standings remained unchanged today as all first division clubs posted victories last night.

Bob Prescott's ninth-inning home run threw Syracuse for a 5-4 setback at Springfield, Gerry Claycomb's pinch-hit single scored Schnectady's winning tally as visiting Reading went down 7-6, and Binghamton pinned loss No. 3 in a row onto Albany, 7-3, at Binghamton.

Binghamton paces the Class A League with a 25-14 record. Schenectady is one game behind and Springfield is two and a half.

Reading is four games off the pace. Albany and Syracuse are way down in the deep freeze, 12 and 13½ games behind respectively.

Use Pep Pills By Athletes Draws AMA Fire

New York, June 6 (AP)—Athletes and sports officials were on record today as saying they get their pep from training and physical conditioning, not from pills as stated in a resolution by delegates of the American Medical Assn. (AMA).

The nation's doctors yesterday ordered a study into "shocking" reports of dangerous abuse of potent pep-up pills by athletes. They called for a study of AMA trustees and forceful action to halt any abuses of drugs to make players super-athletes.

Dr. Herbert Berger of New York said, "the recent rash of four-minute miles is no coincidence. When I was a college boy, the four-minute mile was as unlikely as flying to the moon."

Don Bowden, University of California miler who is the first American to break the four-minute barrier, called the statements "ridiculous and silly."

Dr. Berger said he thinks the worst abuse is by boxing, secondly by professional and college football and other athletes, and "thirdly by high school athletics."

Saratoga Raceway Launches Season

Saratoga Springs, June 6 (AP)—Saratoga Raceway will open tonight for its 16th summer meeting of harness racing.

More than 600 horses are on hand for the meet, which will run for 69 nights through Aug. 24.

Opening-night entries include five Hambletonian eligibles. Among them is Storm Cloud, an unraced colt from the Allwood Stable of Far Hills, N. J., owner of The Intruder, surprise winner of the 1956 Hambletonian.

The Intruder also made the first start of his career on opening night at Saratoga and in the same race—the Greenwich Trot—in which Storm Cloud is entered.

Biggest purses of the meet will be three of $20,000 each for the Saratoga legs of the Empire State Trotting Classics. Three other legs will be raced at Vernon Downs.

Gotham Trot Gets Galophone And Trader Horn

Yonkers, June 6 (AP)—Seventeen of the nation's star trotters will compete tonight in the Gotham Trot at Yonkers Raceway, with the classy field split into two divisions worth a total of $42,600.

Galophone, owned by William T. Maybury of Dexter, Me., and winner of his last three races, is the 6-5 favorite in the opening mile dash in which eight will start. The 5-year-old son of Bill Gallon will be driven by Bob Walker.

In the second section, with nine starters, the choice at 8-5 is Trader Horn, to be driven by Billy Haughton.

Trotters from many sections of the country are entered, and Ralph H. Kroening of Milwaukee has entered Lord Steward, in the first division, and Bengazi in the second.

Harriman Steers Clear Of Monaghan Controversy

Albany, June 6 (AP)—For the time being, Gov. Harriman is steering clear of a controversy involving State Harness Racing Commissioner George P. Monaghan and T. Proctor Eldred, a Utica businessman.

The governor was asked yesterday by Elmer J. Kellam, president of District 9 of the U. S. Trotting Assn., to investigate Monaghan's refusal to issue a horse-owner's license to Eldred. Kellam requested that Harriman "right a grievous wrong."

Charles Van Devander, Harriman's press secretary, said yesterday that Eldred planned to appeal Monaghan's ruling and that it would not be "appropriate for the governor to intercede at this point."

Monaghan, under court order to show cause why he should not be held in contempt for not acting on Eldred's application for a license, refused Tuesday to grant the license on the ground that Eldred had made a false statement in his application. Eldred had said on the application that he was forced out as executive president of Vernon Downs harness race track at Monaghan's urging.

Justice Isadore Bookstein of State Supreme Court ordered Monaghan last week to act on the application, which was filed last March.

On Monday, Bookstein ordered Monaghan to appear in court yesterday to show cause why he should not be held in contempt.

Bookstein yesterday adjourned the contempt proceeding to June 17. He acted after Ernest B. Morris, attorney for Eldred, contended that the papers had been signed by Deputy Commissioner Michael J. Monz, instead of Monaghan.

Injuns Prove Medicine Men

Tribe's Weary Hurlers Real Tonic for Yanks

Rack Up 20 Runs, 28 Hits in 2 Games

By ED WILKS
The Associated Press

Is it only Cleveland's beat-up pitching staff that makes the New York Yankees look good, or have the world champions finally decided to cut the comedy and get down to business in the American League pennant race?

It wasn't until they quit home and pulled into Cleveland that the Yankees managed to regain any kind of an attack, running up 20 runs on 28 hits in two games. The champs had scored only 20 runs in the previous six games—against tailenders Baltimore and Washington—and had lost four of them.

Then they started swinging against the Injuns' weary staff, over worked with the loss of injured Herb Score and Bob Lemon and without a complete game since May 26. Manager Kerby Farrell has used rookies and relievers as starters in an effort to find help for veterans Early Wynn and Mike Garcia, but without much success.

Wynn Loses Sixth

Wynn lost his sixth last night as the Yankees unloaded four home runs and 16 hits for a 13-3 breeze. It was their third in a row, but left them five games behind the first place White Sox and also left them without catcher Yogi Berra, who suffered a broken nose when a foul tip broke his mask.

The White Sox kept their surprising pace—winning 19 of 24—with a 6-2 victory over the Boston Red Sox. Detroit moved into a fourth place tie with Boston by defeating Washington 3-2 in 11 innings. Kansas City defeated Baltimore 3-2.

In the National, Cincinnati's Redlegs cooled off Philadelphia 4-2 in 11 innings for a two-game lead. The Phils slipped to third 2½ back, as Brooklyn took over second with a 4-0 victory over the Chicago Cubs. Fourth place Milwaukee, three games behind, beat New York 9-8 in a game that had nine home runs, six by the Giants. St. Louis defeated Pittsburgh 5-1 as Lindy Mc Daniel tossed a five-hitter.

Wynn, a 37-year-old knuckleballer, retired the first 10 Yankees he faced before Gil McDougald belted the first of his two home runs and Mickey Mantle followed with his 12th homer of the year in a four-run fourth. McDougald homered again in a seven-run fifth and singled in his next at bat for a total of five runs batted in. Mantle, 2-for-19 before the road trip, now is 6-for-9, the same as Bill Skowron, who homered and drove in four runs last night. The Moose had been 2-for-15 before the Yanks headed west.

Shantz Wins Sixth

Bobby Shantz won his sixth and fifth in a row with a seven-hitter.

Dick Donovan won his fourth in a row and fifth of the year for the White Sox, who took a 3-2 lead in the fifth with a pair of runs on Billy Klaus' two-out error and a bases-loaded walk by loser Tom Brewer. Donovan gave eight hits—two to Ted Williams who now is hitting .401—but permitted only two after the third inning.

Bill Tuttle, benched for weak hitting, delivered a pinch single in the 11th to win for the Tigers and home runs by Gus Zernial and Lou Skizas won for the A's.

The Redlegs handed the Phils their third defeat in the last 10 games on an error, Jerry Lynch's pinch triple and Roy McMillan's single for two 11th-inning runs against losing reliever Dick Farrell.

Sophomore Don Drysdale claimed his first major league shutout for the Brooks with a five-hitter. He struck out nine. Gino Cimoli drove in two runs, with his sacrifice fly breaking up a duel with Don Kaiser in the sixth. The Dodgers, winning their third in a row, iced it with three in the eighth.

An eighth-inning triple by Bob Malkmus—his first major league hit in 14 at bats—and a passed ball won for the Braves and reliever Ernie Johnson, who smacked a three-run homer. Joe Adcock and Bobby Thomson also homered for the Braves while Red Schoendienst and Hank Sauer slugged two each and Willie Mays and Whitey Lockman swatted one apiece for the Giants. The major league record for home runs in one game is 11.

Shea Beaten By Unknown

Manchester, Eng., June 5 (AP)—Reg Bennett, 19, a British airman, came from behind today to upset Gil Shea, a 28-year-old Californian, 4-6, 9-7, 6-4, in the third round of the Northern lawn tennis championships.

Althea Gibson of New York, the women's favorite, advanced to the quarter finals by eliminating Mrs. Dorothy Cooper of Britain, 6-0, 6-1.

Yesterday's Stars

Pitching

Don Drysdale, Dodgers—gained first major league shutout, with five-hit, nine-strikeout 4-0 victory over Cubs that pushed Brooklyn into second place.

Hitting

Gil McDougald, Yankees—Hit two home runs and a single in consecutive at bats to drive in five runs and lead 13-3 victory over Indians.

Flying Pence Yonkers First

Yonkers, June 6 (AP)—Flying Pence, owned by the Shore Farm Inc., of Mt. Vernon, N. Y., and driven by Stanley Dancer, scored a nose victory in last night's Peekskill Pace at Yonkers Raceway before 21,200.

Third at the half-mile pole, the winner took command at the head of the stretch and just lasted over Reed's Knight. Adora, the early pacesetter, finished third.

The winner paced the mile in 2:03 4/5 and was favored at $4.10.

Chicago DD Pays $1,579

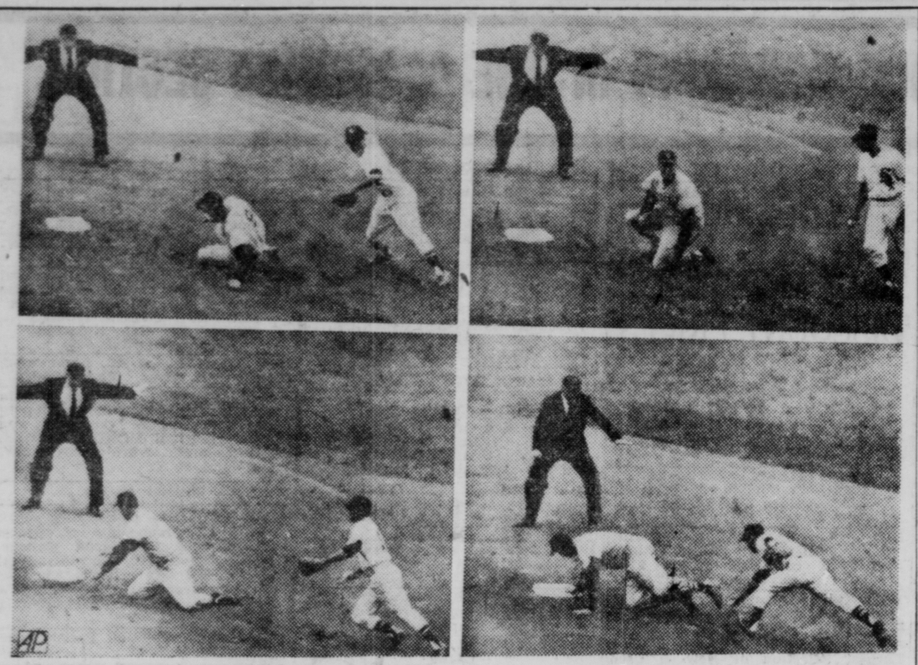

Chicago, June 5 (AP)—Longshot winners in the first two races at Washington Park today produced the biggest daily double payoff of the current Chicago racing season—$1,579.40 for $2.

My Carrie won the first race and paid $182.80 in the regular mutuels. Eli J. won the second at $56.60.

Thirty-two $2 tickets were sold for the winning combination in the double. Two $10 tickets were worth $7,897.

Oldest Regatta

New Haven (NEA)—Yale and Harvard crews are preparing for their four-mile race, June 15, marking the 71st running of America's oldest oar regatta.

INCIDENT AT SECOND—Shortstop Luis Aparicio, of the White Sox, thought he'd forced sliding Ted Williams, of the Boston Red Sox, in the first inning at Chicago June 5. But umpire Bill Runge ruled Aparicio's foot pulled off bag by bad toss from second baseman Nels Fox, not shown, who fielded the ball. Aparicio then noticed Williams hadn't even reached the bag with his slide, chased him, but crawling Williams just made it. (AP Wirephoto)

Women Head League

Merle Matthews, Bobbie Shaler, Gwen Hyduke, Dottie Crouch, Betty Phillips and Chiyo Tashima were the only woman's team in the Inglewood Majors Bowling League but they won the Los Angeles tournament by two games.

Coaching Switch

Lewisburg, Pa. (NEA) — Bill Lane ended 12 years of baseball coaching at Bucknell. He will be head football coach and teacher at Lewisburg Joint High in September.

Progress Noted On Firehouse in Woodstock 3 Area

Progress on the firehouse under construction by members of the Woodstock Engine Co. No. 3, comprising Willow—Lake Hill—Shady areas, was noted at the recent meeting of the fire company when orders were placed for roofing materials.

When completed the firehouse will measure 35 x 45 feet of one-story concrete-block construction and will comprise two stalls and a meeting area. The building is being erected by members of the company working in their spare time. Weekend work parties are being held currently to complete the building.

During construction, the fire engine and membership meetings are housed in the Lake Hill Service Station. A siren at the service station sounds any fire alarms for the area.

Attorney S. James Matthews notified the membership that a hearing concerning the incorporation of Fire Company No. 3 will be held at the Woodstock Town Hall on Friday, June 14.

Plans to finance the firehouse include an auction for the building fund to be held this summer, and members are collecting items for the auction from any interested citizen of the community.

Like caraway seeds in that cole slaw? One teaspoon of the seeds will be about right for one quart of cabbage.

LEGAL NOTICE

NOTICE

STATE OF NEW YORK COUNTY COURT: ULSTER COUNTY—COUNTY OF ULSTER. Plaintiff, against ELMER M. KIRCHNER and ELLEN KIRCHNER, his wife, G. RICHARD KIRCHNER, LEMUEL J. BOICE, ANGELO MODICA, LOUIS MODICA and EDWARD DAVENPORT, Defendants.

TAKE NOTICE that a petition has been made by the Board of Supervisors of the County of Ulster, verified April 26, 1957, praying that it may be adjudged that the public use requires the condemnation of the real property hereinafter described and that the plaintiff is entitled to take and hold said property for the public use and that three commissioners of appraisal be appointed by this Court to ascertain and determine the compensation to be made to the owners of said lands to be so acquired; and that such petition will be presented at a Special Term of the County Court of the County of Ulster, to be held at the Court House in the City of Kingston, New York, on the 26th day of June, 1957, at the opening of Court on such day or as soon thereafter as counsel can be heard; and that application will then and there be made for the relief demanded in said petition.

The following is a description of the parcels of land to be acquired in this proceeding and as described in said petition, to wit:

ALL those parcels of land situate in the Town of Ulster, County of Ulster and State of New York needed for the construction and improvement of the Sawkill School Bridge, County Bridge No. 169 and the approaches thereto on County Roads 90 and 42, which parcels are severally shown upon the maps of land to be acquired for the said county bridge filed with the petition in this proceeding in the office of the Clerk of the County of Ulster and respectively numbered upon said maps and bounded and described as follows:

Map No. 1, Parcel No. 1, property owned by Elmer M. Kirchner and Ellen Kirchner, his wife as follows:

Beginning at a point in the easterly bounds of County Road No. 42, such point being 20 feet distant, southeasterly measured at right angles, from station B 5+00 of the survey base line; thence north 22° 56' east 296.3 feet to a point 46 feet distant, southeasterly, measured at right angles, from station B 7+95 of the survey base line, the last described point being on the southerly shore line of the Sawkill which said shore line is the northerly bounds of lands of Elmer M. and Ellen Kirchner as recorded in Book of Deeds 696 at page 482; thence westerly along said shore line, the northerly property line of Elmer M. and Ellen Kirchner 60 feet more or less to the easterly bounds of County Road No. 42; thence southerly along the easterly bounds of County Road No. 42 for a distance of 285 feet more or less to the point the place of beginning; containing 0.083 acres of land.

Map No. 1 Parcels No. 3 and 4, property owned by Elmer M. Kirchner, as follows:

Parcel No. 3

Beginning at a point in the center of the Sawkill, said point being the southerly boundary line of a parcel of land belonging to Elmer M. Kirchner, said point being 46 feet distant, southeasterly, measured at right angles, from station B 8+57 of the survey base line; thence westerly, along the center of the Sawkill, the southerly property line of Elmer M. Kirchner 78 feet more or less to the easterly bounds of County Road No. 42; thence northerly along the easterly bounds of County Road No. 42, and easterly along the southerly bounds of County Road No. 90, a total distance of 165 feet more or less to a point 46 feet distant, southeasterly, measured at right angles, from station B 9+45 of the survey base line; thence south 17° 54' west 88.0 feet to the point the place of beginning; containing 0.152 acres of land.

Parcel No. 4

Beginning at a point in the northerly bounds of County Road No. 90, at the intersection formed by the division line between Lemuel Boice, Jr. on the northeast and Elmer M. Kirchner on the southwest, such point being 22 feet distant, northerly, measured at right angles from station A 3+88 of the survey base line; thence westerly along the northerly bounds of County Road No. 90, and northerly along the easterly bounds of County Road No. 42, a total distance of 613 feet more or less to a point in the division line between Lemuel Boice, Jr. on the west and Elmer M. Kirchner on the east, such point being 10 feet distant, easterly measured at right angles from station C 3+00 of the survey base line; thence along the division line between Lemuel Boice, Jr. and Elmer M. Kirchner on the following courses and distances, north 2° 31' east 125 feet more or less; south 44° 28' east 192.5 feet south 47° 00' east 185.3 feet; south 49° 36' east 62.3 feet; south 37° 00' east 109.9 feet to the point the place of beginning; containing 1.537 acres of land.

Map No. 2, Parcel No. 2, property owned by Angelo Modica and Louis Modica, as follows:

Beginning at a point, 46 feet distant, southeasterly, measured at right angles from station B 7+95 of the survey base line, such point being in the southerly shore line of the Sawkill and being the northerly property line of lands belonging to Elmer M. and Ellen Kirchner as called for in Book of Deeds 696 at page 482; thence north 17° 54' east 62.0 feet to a point 46 feet distant, southeasterly, measured at right angles, from station B 8+57 of the survey base line, such point being in the center line of the Sawkill and being the southerly property line of Elmer M. Kirchner as called for in Book of Deeds 849 at page 370; thence westerly along the center of the Sawkill 78 feet more or less to the easterly bounds of County Road No. 42; thence southerly along the easterly bounds of County Road No. 42, 60 feet more or less to the southerly shore line of the Sawkill; thence easterly along the southerly shore line of the Sawkill 60 feet more or less to the point the place of beginning; containing 0.096 acres of land.

Map No. 3, Parcel No. 5, property owned by Lemuel J. Boice, as follows:

Beginning at a point 10 feet distant, easterly, measured at right angles, from station C 3+00 of the survey base line, being in the easterly bounds of County Road No. 42, at the intersection of the division line between Elmer M. Kirchner on the east and Lemuel Boice, Jr. on the west; thence along said division line north 2° 31' west 53 feet more or less to a point; thence north 55° 30' west 125 feet more or less to a point on the bounds of County Road No. 42; thence southeasterly along said road bounds 155 feet more or less to the point the place of beginning; containing 0.032 acres of land.

ALSO ALL that parcel of land situate in the Town of Marbletown, County of Ulster and State of New York, needed for the construction and improvement of County Road No. 14, which parcel is shown on a map of land to be acquired for the Cantine's Bridge, County Bridge No. 121, filed with the petition in this proceeding in the office of the Clerk of the County of Ulster and bounded and described as follows:

Map No. 4, Parcel No. 7, property owned by Edward Davenport as follows:

Beginning at a point on the westerly boundary of a Town Road of the Town of Marbletown known as the Old Tongore Road, such point being 16.5 feet distant, measured on a course of south 81° 12' west from station 9+50 of the center line of the Old Tongore Road; thence north 13° 56' west 486.2 feet to a point on the division line between a parcel of property belonging to Edward Berling (reputed owner) on the north and Edward Davenport (reputed owner) on the south; thence easterly along said division line 43 feet more or less to the westerly bounds of the Old Tongore Road; thence southerly along the westerly bounds of said road 489 feet more or less to the point the place of beginning; containing 0.25 acres of land more or less.

The foregoing information and descriptions are accurate and complete so far as the records and knowledge of the undersigned indicate, but no warranty is made or implied with respect to the accuracy therof and inspection is invited.

The bidder to whom the premises are struck down will be required to pay 20% of the amount of his bid at the time of sale and the balance thereof within ten days after the date of sale to the undersigned at the office of the Ulster County Welfare Department, 240 Fair Street, Kingston, New York. Upon the payment of said balance, the undersigned, as Commissioner of Public Welfare for Ulster County, will execute and deliver a deed without covenants of warranty to the purchaser.

The right is reserved by the undersigned to withdraw any of the aforementioned parcels from such sale at any time before the same are struck down, and to make further and different terms or additional sales to be announced at the time thereof.

The undersigned is not required to send any notice to the successful bidder, and if he, the bidder, neglects to call at the time and place above specified, to receive his deed, he will be charged with interest thereafter on the whole amount of his purchase unless the seller shall deem it proper to extend the time for the completion of such purchase.

The purchaser of any of said parcels shall at the time and place of sale, sign a memorandum of his purchase and an agreement to comply with the terms and conditions herein contained.

The biddings will be kept open after the property is struck down, and in case any purchaser shall fail to comply with any of the above conditions of sale, the premises so struck down to him will be again put up for sale under the direction of said Edward E. Murray, under these same terms of sale, and such purchaser shall be held liable for any deficiency there may be between the sum for which said premises shall be struck down upon the sale and that for which they may be purchased on the resale.

The above parcels will be sold subject to any and all existing liens or encumbrances upon said premises as of the date of transfer.

Dated,

EDWARD E. MURRAY
Commissioner of Public Welfare of Ulster County

Nash Upsets Andrews

Chantilly, France, June 6 (AP)—Richman Nash, a former Princeton University golf captain, today upset Gene Andrews, one-time U. S. public links champion, 3 and 2 in the second round of the French Amateur golf championship. Eight other Americans also bowed out in the second round while five others won. Most of the Yank golfers are servicemen assigned to European posts. "I never hope to play golf like that again," said Nash, of Warrenton, Va., after downing Andrews, of Beverly Hills, Calif., with an outstanding round. "It was just pure luck—the best golf I ever played in my life."

Dead Issue

Dallas, Tex. (AP)—Kappa Sigma fraternity boys sold the used hearse they bought as a cheap means of transportation. "It's not that we're superstitious," said James Wilhelmi of Tacoma, Wash., at Southern Methodist University. "We need the money." Only one of the girls they took to games and dances in the hearse objected. "She said she wouldn't be caught dead in it," Wilhemi said.

NOTICE OF SPECIAL DISTRICT MEETING

CENTRAL SCHOOL DISTRICT NO. 1 OF THE TOWNS OF ROCHESTER, MARBLETOWN, WAWARSING AND ROSENDALE, COUNTY OF ULSTER, NEW YORK.

June 26, 1957

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Board of Education of this School District, adopted on May 21, 1957, a special district meeting of the qualified voters of Central School District No. 1 of the Towns of Rochester, Marbletown, Wawarsing and Rosendale, New York, will be held at the Accord School House, in Accord, Town of Rochester, within the School District, on June 26, 1957 at 2:00 o'clock P. M. (D.S.T.) for the purpose of voting upon the Proposition stated below. The voting will be by ballot as provided by the Education Law and the polls will remain open from 2:00 o'clock P. M. (D.S.T.) until 9:00 o'clock P. M. (D.S.T.) and as much longer as may be necessary to enable the voters then present to cast their ballots:

PROPOSITION

RESOLVED:

(a) That the Board of Education of Central School District No. 1 of the Towns of Rochester, Marbletown, Wawarsing and Rosendale, New York, is hereby authorized:

1. to construct a new Junior-Senior High School on the school site situate near Kyserike, within the District heretofore authorized to be acquired and designated such school site by proposition adopted by the qualified voters at the special district meeting held January 9, 1957, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required therefor, at an estimated maximum cost of $2,312,700;

2. to construct an addition to the existing Marbletown School, within the District, on a part of the site of said existing School, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required therefor, at an estimated maximum cost of $150,150;

3. to construct an addition to the existing Accord School, within the District, on a part of the site of said existing School, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required for the purpose for which such addition is to be used, at an estimated maximum cost of $153,180 to reconstruct in part said existing School, at an estimated maximum cost of $152,820, to grade and improve the site and purchase the necessary original furnishings, equipment, machinery and apparatus required therefor, and preliminary and incidental costs of $43,293 for a total estimated cost of $349,293.

Russian Bosses In Finland for Seven-Day Tour

Helsinki, Finland, June 6 (AP)—Soviet Premier Bulganin and Communist Party boss Khrushchev arrived in Finland today for a seven-day round of smiles and handclasps.

The Finns hauled out a red carpet to deck the railroad terminal in Helsinki. Soviet security police were busy scouting out a modernistic villa overlooking Helsinki port, where the Kremlin delegation was booked to stay.

The Russian leaders laid over for 15 minutes at Vainikkala between the Russian-Finnish border and Helsinki. They drew cheers and laughter as they patted youngsters on the head and shook hands with street crowds.

They brushed aside protocol officers and strode hatless through a drizzle, reaching over a barrier to make contact with waiting Finns. When told by a protocol officer that only three minutes were left, Khrushchev said, "that's plenty of time," and went right on patting.

The Finns were preparing a gift sure to please the Russians: the locomotive on which Lenin returned to Leningrad to set off the Bolshevik revolution 40 years ago. The Finns preserved it through three wars with the Communists.

Williams Is Fined $10 After Crash On Creek Bridge

A driver was arrested after a three-car mishap on the Rondout creek bridge last night, and four others were charged with speeding last night and today.

John Williams, 44, of 17 West Strand, charged with driving without a license, was fined $10 by City Judge Raymond J. Mino today.

Williams was arrested after the accident on the bridge at 8:24 p. m., by officers Floyd Krom and Everett Emmick.

Police said a pickup truck, owned by William H. Harris, of Sleightsburg, and driven by Williams, struck the sedan of Fred W. Boos, 48, of Hasbrouck avenue, Port Ewen, which was forced into the car of Louis Grottole, Box 133, Ulster Park, as it was stopped for the traffic light at the bridge.

Others Arrested

George E. Fisher Sr., 42, of 57 Main street, Rosendale, who was arrested at 7:05 a. m., today by officers Sheldon O'Rourke and Albert Hutton on the Boulevard on a charge of speeding, forfeited $20 bail through failure to appear in court.

Fred A. Vasta, 35, of Osborn road, Fishkill, and Donald Beard, Albany Post road, Cold Springs, who were arrested on charges of speeding on East Chester street by officers Hutton and O'Rourke, are due in court Friday.

Martin Kaye, 19, of 110 Mountain View avenue, was arrested at 10:35 p. m., yesterday by officers Floyd Krom and Everett Emmick on East Chester street on a charge of speeding. His case was put over until June 15.

Attorney John E. Gotelli appeared for the district attorney's office in court today.

Yogi Out 4 Days

Cleveland, June 6 (AP) — Yogi Berra, New York Yankee catcher, suffered a compound fracture of the nose in last night's game with Cleveland and will be unable to catch for at least four days. Berra may be able to pinch hit, however, in a day or two. Berra spent the night at the Evangelical Deaconess Hospital after he was injured by a foul tip off the bat of Larry Raines in the third inning. The ball broke the lower bar of Berra's mask.

Bronx Man Fined After Car Mishap

An effort to conceal responsibility for an accident by reporting the car involved having been stolen, backfired on Frank Quevedo, 24, of 1013 Kelly street, Bronx.

Trooper Joseph Franke of the Highland station checked an accident Sunday on Route 32 in the Town of Plattekill. He found a 1955 Chevrolet car overturned on the road and the plates missing.

Persons in the vicinity informed him three men had been traveling south when the car went off the westerly side of the road and overturned. Plates were removed from the car, witnesses told Trooper Franke, and one of the men was reported to have remarked they could report the car stolen when they returned to New York.

Sunday evening troopers at Highland received a message from New York reporting the car stolen. In his investigation of the accident Trooper Franke had found one of the missing plates in a field. The owner of the car was Leo Salazar, 64, of 864 East 231st street, Bronx. He reported he had loaned the car to his nephew, Frank Quevedo, who had reported the car stolen.

Arraigned before Justice of the Peace John Palen Wednesday, Quevedo was fined $25 for leaving the scene of an accident and $15 for driving at an endangering speed.

Annexation Vote Appeal Is Set For Friday, 14th

A hearing on the appeal from the vote annexing Common School District No. 2, Town of Woodstock, to Onteora Central School will be heard before the Commissioner of Education on Friday, June 14, at 2 p. m., according to notice sent out by the state department. The appeal will be heard at Albany.

On Monday last Rosenblum and Lamb, attorneys for appellants, made an application to the Commissioner of Education for an order directing that the records, now sealed, be made available for study by appellants prior to the hearing next week. Decision was reserved on the application.

Dutchess Fatality

Fishkill, N. Y., June 6 (AP)—Arthur A. Hunt, 49, of this Dutchess county community, was killed today when his car overturned on Route 52 and crashed into a utility pole.

200 Algerians Held in Paris; Still Shootings

Paris, June 6 (AP)—Police raided trouble spots throughout the city at dawn today and rounded up 200 suspected Algerian nationalists.

Police cordoned off 46 separate areas of the city and its outskirts in one of the most widespread searches since the Algerian revolt began 30 months ago.

Despite the police drive, Algerian nationalists continued to shoot down victims in both France and Algeria.

A North African worker was shot and killed in the outskirts of Paris and another badly cut up in front of his hotel. The body of a third was found stuffed in a well at Toulon.

In Algeria, French troops were still mopping up in the Grand Kabylie mountains where the French claim to have killed 135 rebels in the past few days. About 4,000 French soldiers have been engaged in the action there.

French authorities reported scattered violence throughout the territory. A European was wounded near Medea, several farms were burned near Bone, five persons were wounded and one killed when a jeep struck a mine near Bone. Four persons were wounded when a grenade exploded in a Bone theater.

OLIVE VOLS 10th ANNIVERSARY—Principals at 10th anniversary dinner of Olive Fire Department No. 1, Inc., held Tuesday evening at Olive Bridge firehouse, are seated (l-r) Anthony Delisio of New York State Division of Safety; former Fire Chief Joseph L. Murphy of Kingston; John Moehle, toastmaster; Attorney William A. Kelly, guest speaker, and Mrs. John Nichols, president of Ladies' Auxiliary; standing, Chief Albert Fox; Supervisor Lester Davis, town of Olive; President John Adsit; Alvin Beatty, president, Hudson Valley Volunteer Firemen's Association and Winfred Snyder, Ulster county fire co-ordinator. (Freeman photo).

Olive Volunteers Mark Anniversary

Olive Fire Department No. 1, Inc., which through its four companies serves the town of Olive, observed its 10th anniversary Tuesday evening with a dinner and dance at the firehouse in Olive Bridge. There were 160 members of the department, ladies auxilary and friends present.

Chief Fox Feted

During the evening the services of Chief Albert S. Fox were recognized and he was presented with an inscribed broonze plaque from members of the department and auxiliary. The presentation was made by Assistant Chief Howard Trowbridge who referred to the services which Chief Fox had rendered the communities of the township in the formation of the Olive Fire Department and since its organization, while he has served continuously for ten years as chief.

Chief Fox responded, expressing his appreciation for the plaque and said it had been a great satisfaction that he had been able to contribute a small part to the success of the township fire department.

John Adsit, member of Company No. 2 of Ashokan, and president of the department, presided following the dinner and presented the Rev. Robert Bowering, pastor of the Olive Bridge Methodist Church, who gave the invocation.

President Adsit welcomed the members and guests and then introduced John Moehle, supervising principal of Onteora Central School, who acted as toastmaster.

Guests presented during the evening included Winfred Snyder of Hurley, Ulster county fire coordinator; Alvin Beatty of New Paltz, president of the Hudson Valley Volunteer Firemen's Association; Anthony DeLisio of Albany representing the Bureau of Fire Mobilization and Control; former Fire Chief Joseph L. Murphy of Kingston and Supervisor Lester Davis of the town of Olive.

Presents Gift

Mrs. John Nichols, president of the Ladies' Auxiliary, spoke briefly and during her remarks presented, on behalf of the auxiliary, a block and gavel to the Olive Fire Department on the occasion of its 10th anniversary. The presentation was made to President Adsit who accepted the gift on behalf of the department.

Principal talk of the evening was by Attorney William A. Kelly who is president of Wiltwyck Hose Company of Kingston. He spoke on good citizenship and cooperation as exemplified by the volunteer fire service.

Olive Fire Department serves the entire township of Olive with four companies located at Olive Bridge, Ashokan, West Shokan and Krumville-Sampsonville. The department operates five trucks and has a considerable amount of modern fire fighting equipment which is fully manned and ready to respond.

Advises Dairy Farmers On Their Problems

Syracuse, N. Y., June 6 (AP)—Dairy farmers can help in solving their problems by voluntarily limiting production and increasing efficiency, says the president of the American Institute of Cooperation.

"Farmers must stop chasing rainbows and recognize that no one else will ever solve . . . problems . . . for them," said J. K. Stern of Washington last night at the 18th annual meeting of the Eastern Milk Producers Cooperative Assn.

Dr. William L. Henning, agriculture secretary in Pennsylvania, said that productive efficiency was not the "important problem" in the New York milkshed.

"More important," he said, "are the problems of how to get the best possible incomes for dairy farmers, how to furnish consumers with the best supply of milk, how to treat each farmer equitably in terms of what he contributes and how to maintain some freedom of choice."

Canada Grounds U. S.-Built Planes

Halifax, N. S., June 6 (AP)—Canada's navy has grounded its 16 American-built Banshee fighter-bombers until it finds out what caused two of the twin-jet planes to crash in May.

A spokesman in St. Louis, Mo., for the plane's builders—the McDonnell Aircraft Co.—said he had learned the grounding would be "very temporary" and that it resulted more from the effect of the crashes on the Canadian crews' morale than from any fault of the planes.

Two navy pilots were killed in the crashes.

The Canadian navy has been using the all-weather Banshees, whose top air speed is estimated at around 600 miles per hour, for about two years. Eight of the jets have been flying training missions out of Halifax prior to being put aboard the new aircraft carrier Bonaventure. The other eight have been used in training exercises at Rivers, Man.

3-State Farmers Brace for Floods

Dallas, June 6 (AP) — Bottomland farmers in three states were bracing today for new crests on the flooding Red river, which already is surging at its highest level in 10 years in some areas.

But the weather bureau offered the prospect of a letup in the torrential rains that have caused the river to swirl out of its banks along the Texas-Oklahoma boundary and in parts of Arkansas.

Water was roaring three feet deep over the spillway at Denison dam on sprawling Lake Texoma, largest man-made reservoir in the nation.

The U. S. Army Corps of Engineers stepped up its discharge of water from the flooding lake in an effort to control the torrents of water pouring downstream. Resort areas around the lake are under water.

Army engineers announced the level reached 643.14 feet above sea level last night and was still rising. Releases were increased from 91,000 cubic feet per second to 95,000cfs.

Resident Engineer Charles Solomon at Denison, Tex., said the rate of discharge may be increased to 105,000 cfs to hold the lake at or near the present level. The Red river, carrying torrents of runoff from upstream rains in the past week, was pouring water into the lake at the rate of 107,000 cubic feet per second last night.

IT&T Founder Dies

New York, June 6 (AP) — Sosthenes Behn, 75, a founder and former board chairman of the International Telephone & Telegraph Corp., died in St. Luke's Hospital today of a heart ailment. Behn, who retired as chairman a year ago, had been ill several months. He founded IT&T in 1921 with his late brother, Hernand. It was an outgrowth of Cuban and Puerto Rican Telephone companies which had expanded in World War 1.
